

## DIRECTIONS FOR USE

Can be used as a herbicide for spot treatment on non-crop areas such as ditch banks and along metal fence lines. Apply in dry form at rates of  $1/2$  to  $2 1/2$  pounds per one hundred square feet with suitable ground equipment. Thoroughly clean equipment with water before and after use.

Areas treated with sodium chlorate for vegetation control constitute a serious fire hazard. For best results and as an added precaution against fire, apply when soil is wet and during periods when rain is most likely to follow.

Keep persons and animals off treated areas. Do not apply sodium chlorate to areas where fire may be a hazard such as around wooden buildings, lumber yards, sawdust piles, storage and handling facilities for petroleum products, or where combustibles may be exposed.

DO NOT USE THIS PRODUCT AS A HERBICIDE IN LIQUID FORM.

LOT NO. ....

100 LB. NET

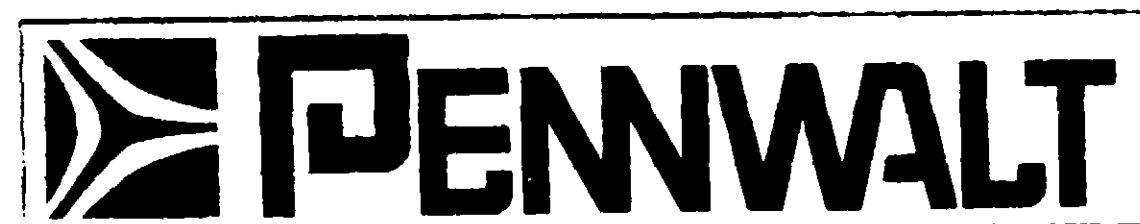

# SODIUM CHLORATE

ACTIVE INGREDIENT	
SODIUM CHLORATE	99.5%
INERT INGREDIENTS	0.5%
TOTAL	100.0%

## CAUTION

— KEEP OUT OF REACH OF CHILDREN —

EPA Reg. No. 4581-d7

SALT LAKE CITY — SAN FRANCISCO

## DANGER

**STRONG OXIDIZER**—Contact with combustible or oxidizable material constitutes an extreme fire and explosion hazard.

Clothing, vegetation and other organic materials contaminated with chlorate or its solutions are DANGEROUSLY FLAMMABLE. Do not wear leather gloves, shoes or belts. Wear rubber boots and apron to avoid contact with clothing. Remove contaminated clothing promptly and wash it thoroughly with water. Do not get on floor. Sweep up spillage immediately and transfer to clean metal container. When not in use keep tightly closed in original container. Keep away from fire. Do not smoke while handling. Store or transport separately from combustible materials and strong acids. Do not drink or swallow.

Harmful if swallowed.

Avoid contamination of feed and foodstuffs.

Container Disposal: Do not reuse container. Destroy by crushing and burying in a safe place. Do not burn.
