GERMICIDAL AJAX LIQUID CLEANER
SPRAY APPLICATOR
BOTTLE

Germicidal Ajax Liquid Cleaner combines in one complete formulation a heavy duty multi-purpose cleaner with a high potency germicide. It will disinfect and remove dirt effectively and economically in one operation.

Especially suited for Hospital, Medical, Dental, Clinic, Institutional and Industrial use.

Germicidal Ajax Liquid Cleaner should be used to clean walls, floors, blinds, metal fixtures, showers, lockers, toilets, urinals, sinks, tubs, and other hard surfaces.

At recommended use dilutions, Germicidal Ajax Liquid Cleaner kills *Staphylococcus aureus*, *S. cholerae suis*, and *Pseudomonas aeruginosa*.

Institutional — Industrial

EPA Reg. No. 4582-58

Rinse empty container thoroughly with water and discard it.

WATER LINE

DIRECTIONS FOR USE:

For Disinfecting and Cleaning Soiled Spots or Small Areas of Hard Surfaces Use Spray Applicator Bottle

Fill Spray Applicator Bottle to line with water. Fill remainder of bottle with Germicidal Ajax Liquid Cleaner from gallon container. Hold bottle 2-3 feet from surfaces to be disinfected and cleaned. Adjust spray if desired. Spray until fine mist covers surface. Rinse or wipe dry if desired.

WARNING: May cause severe eye irritation or damage. Avoid contact with eyes. In case of contact immediately flush eyes with plenty of water for at least 15 minutes, and immediately get medical attention. Avoid prolonged contact with skin. In case of prolonged contact, wash with soap and water and rinse thoroughly. Avoid inhalation of spray mist. Avoid contamination of foodstuff.
