PET SPRAY

For Insect Pests on
Cats and Dogs

Kills fleas, lice, ticks and gnats
on cats and dogs.

Non-Toxic To Humans & Pets

Net wt. 5 oz. Av.

DIRECTIONS FOR USE

Shake well before using.

Always hold upright when spraying.

For use on cats and dogs to kill fleas, lice, ticks and gnats: Spray the animal from a distance of 8 to 12 inches. Start spraying at the tail, moving the dispenser rapidly and making sure that the animal's entire body is covered, including the legs and under the body. As you spray, fluff the hair so that the spray will penetrate to the skin. Make sure spray wets ticks thoroughly. Do not spray into the eyes, face or scrotum. Repeat as needed.

CAUTION

Store upright in a cool place (not over 120°F.) Do not place on hot surface. Do not puncture the can. Never throw in fire or incinerator.

ACTIVE INGREDIENTS USDA REG. NO. 4584-4F
