

### DIRECTIONS FOR USE:

**TO OPERATE** Hold can upright and spray infested surfaces only until wet.

**Roaches, Ants, Waterbugs, Silverfish, Spiders, Crickets** Spray heavily into all cracks, around baseboards and other places where these insects hide. Also spray wet surfaces behind and beneath cabinets, refrigerators, sinks, stoves, etc. Spray other localized areas infested with these pests. Repeat treatment as required.

**CARPET BEETLES** Make localized application to areas of the floor and baseboards. Spray directly into cracks and under carpets where insects may be found. Treat crevices, cracks or closets and infested areas of shelving. Repeat as necessary.

**BROWN DOG TICKS** Thoroughly spray infested areas around baseboards, window and door frames, wall cracks, sleeping quarters of household pets and localized areas of floors and floor coverings. Applications should be repeated as infestations warrant and as re-infestations occur. Fresh bedding should be placed in animal quarters following treatment. Do not treat animals with this formulation.

**FLIES, MOSQUITOES, WASPS, AND FLYING MOTHS OUT DOORS** For outdoor use only as an aid in reducing annoyance from these insects. Spray outside surfaces of screen, doors, window frames or wherever these insects may enter the room. Also treat surfaces around light fixtures on porches, in garages, and other places where these insects alight or congregate.

**FLEAS, CHICKENS, ANTS AND BROWN DOG TICKS OUT DOORS** For treatment of localized infestations of these insects in outdoor areas where there is no vegetation, spray infested areas thoroughly. For ants, thoroughly wet hills and runways. Repeat applications as infestations warrant and as reinfestations occur. Residual type spray. Odorless, stainless, kills even resistant roaches, ants and flies.

**CAUTION: HARMFUL IF SWALLOWED** Keep out of reach of children. Avoid contamination of food and foodstuffs. Avoid repeated or prolonged inhalation and skin contacts. Wash thoroughly after using. Do not use on household pets or humans. Never set container on stoves, radiators, nor place where temperature will exceed 120 degrees F, and may cause it to burst. Do not puncture or throw container into fire. Combustible Mixture. Do not spray near open flame. Do not smoke while using. USDA Reg. No. 4584-55.

**ACTIVE INGREDIENTS:** Pyrethrins, .050%;  
\*Technical piperonyl butoxide, .100%; N-octyl bicycloheptene dicarboximide, .166%; O-O-Dimethyl O-(2, 4, 5-trichlorophenyl) phosphorothioate, 1.00%; Petroleum distillates, 84.684%.

**INERT INGREDIENTS:** 14.900%

\*Consists of .08% butylcarbitol, 6-propyl-piperonyl ether and .02% related compounds.

# DE-ROACHER

**EXTRA STRONG with PYRETHRUM**

## RESIDUAL INSECTICIDE

Long lasting and effective in killing roaches, water bugs, ants or certain other crawling insects.

**WARNING:** KEEP OUT OF REACH OF CHILDREN. FLAMMABLE, CONTENTS UNDER PRESSURE. SEE OTHER WARNINGS ON BACK PANEL.

## DIRECTIONS FOR USE

**To Operate:** Hold can upright and spray infested surfaces only until wet.

**Roaches, Ants, Waterbugs, Silverfish, Spiders, Crickets:** Spray heavily into all cracks, around baseboards and other places where these insects hide. Also spray wet surfaces behind and beneath cabinets, refrigerators, sinks, stoves, etc. Spray other localized areas infested with these pests. Repeat treatment as required.

**Carpet Beetles:** Make localized application to areas of the floor and baseboards. Spray directly into cracks and under carpets where insects may be found. Treat crevices, cracks or closets and infested areas of shelvings. Repeat as necessary.

**Flies, Mosquitos, Wasps, and Flying Moths outdoors:** For outdoor use only as an aid in reducing annoyance from these insects. Spray outside surfaces of screen, doors, window frames or wherever these insects may enter the room. Also treat surfaces around light fixtures on porches, in garages, and other places where these insects alight or congregate.

**Fleas, Chiggers, Ants and Brown Dog Ticks Outdoors:** For treatment of localized infestations of these insects in outdoor areas where there is no vegetation, spray infested areas thoroughly. For ants, thoroughly wet hills and runways. Repeat applications as infestations warrant and as reinfestations occur. Residual type spray odorless, stainless, kills even resistant roaches, ants and flies.

### ACTIVE INGREDIENTS

Pyrethrins .....	.050%
*Technical piperonyl butoxide .....	.100%
N-octyl bicycloheptene dicarboximide .....	.166%
O, O-Dimethyl O-(2, 4, 5-trichlorophenyl) phosphorothioate .....	1.00%
Petroleum distillates .....	84.684%
INERT INGREDIENTS: .....	14.000%
*Consists of .08% (butylcarbityl) (6-propyl-piperonyl) ether and .02% related compounds.	

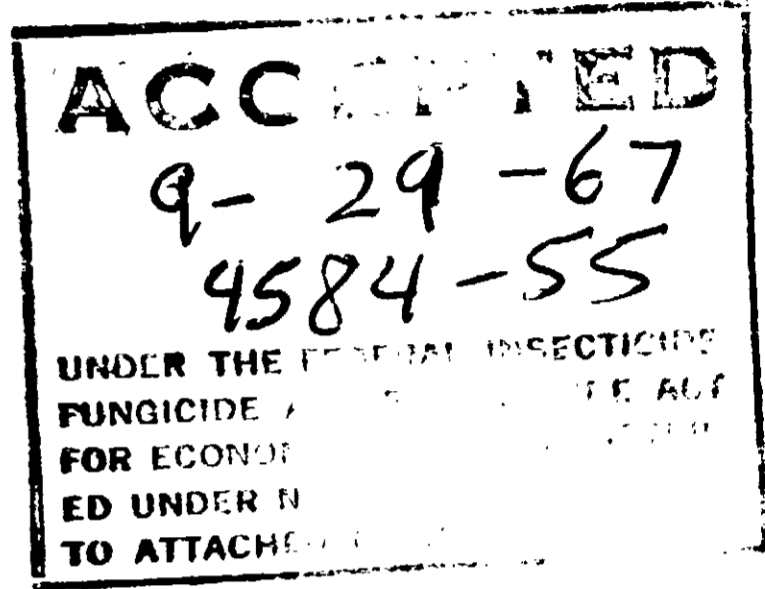

U S D A REG. NO. 4584-55

### CAUTION: FLAMMABLE

Harmful if swallowed. Keep out of reach of children. Avoid contamination of feed and foodstuffs. Avoid repeated or prolonged breathing of the spray mist and skin contacts; wash thoroughly after using. Do not use on household pets or humans. Never set container on stoves, radiators, nor place where temperature will exceed 120 degrees F. and may cause it to burst. Do not puncture or throw container into fire. Combustible Mixture: Do not spray near open flame. Do not smoke when using.

KEEP UPRIGHT WHILE SPRAYING

DIRECTIONS FOR USE:

TO OPERATE: Hold nozzle 12 to 18 inches from surface to be treated. Spray heavily. Do not allow insecticide to dry on treated surfaces.

**ROACHES:** Spray walls, ceiling, baseboards, and other places where they hide. Do not spray wet surfaces behind and beneath kitchen cabinets. Do not spray clothes, drapes, or bedding. Do not spray with these pests. Repeat treatment as needed.

**CARPET BEETLE:** Make residual application to areas of the floor and baseboards. Pay special attention to cracks and under carpets where insects may be found. Treat crevices, cracks, and joints and under edges of drapery. Repeat as necessary.

**BROWN BEE:** Spray heavily infested areas around baseboard, window sills, doors, wall cracks, sleeping quarters of household pets and localized areas of floors and floor covering. Application should be repeated as infestations warrant and as fresh bedding should be placed in animal quarters following treatment. Do not treat animals with this formulation.

**FLEA MOSQUITOES, WASPS AND HORNETS, GULL DOOR:** For outdoor use only as an aid in reducing annoyance from these pests. Spray on the surfaces of screen doors, window frames, or wherever the insects may enter the room. Avoid treatment of plants, bird fixtures, or porches. Do not spray on the face of the insect to be treated.

**FLEA MOSQUITOES, WASPS AND HORNETS, GULL DOOR:** For outdoor use only as an aid in reducing annoyance from these pests. Spray on the surfaces of screen doors, window frames, or wherever the insects may enter the room. Avoid treatment of plants, bird fixtures, or porches. Do not spray on the face of the insect to be treated.

**CAUTION:** HARMFUL TO WALLS, DRAPES, AND FURNITURE. Avoid contact with eyes, nose, mouth, and skin. Avoid breathing vapors. Do not use in sleeping quarters. Do not use in areas where food is prepared or stored. Do not use in areas where children play. Do not use in areas where pets are kept. Do not use in areas where birds are kept. Do not use in areas where plants are kept. Do not use in areas where flowers are kept. Do not use in areas where vegetables are kept. Do not use in areas where fruits are kept. Do not use in areas where nuts are kept. Do not use in areas where seeds are kept. Do not use in areas where grains are kept. Do not use in areas where legumes are kept. Do not use in areas where pulses are kept. Do not use in areas where oilseeds are kept. Do not use in areas where other crops are kept.
