KEEP UPRIGHT WHILE SPRAYING

For household use and for use in commercial food processing areas and in food processing plants.

DIRECTIONS: Remove protective cap. Aim spray opening away from person. Push button to spray. Hold dispenser 6 to 12 inches away from surface to be treated.

FOR ROACHES AND WATERBUGS: Spray thoroughly into hiding places such as cracks, crevices, moist areas, openings around pipes and sinks, under refrigerators, baseboards, and storage areas. Spray directly on insects where possible. Repeat as necessary.

FOR ANT : Spray trails, nests, and points of entry. Spray on ants where possible. Repeat as necessary.

CAUTION: Harmful if swallowed. Avoid contamination of feed and foodstuffs. Never set container on stoves, radiators, or places where temperature will exceed 20 F, which may cause it to burst. Do not puncture or throw container into fire or incinerator.

When using this unit in Commercial Food Preparation Areas or Food Processing Plants, cover or remove foods during treatment. All food processing surfaces should be covered during treatment, or thoroughly cleaned before using. When using this product in these areas, apply only when processing or preparation is not under way.
