

LYNDE DIA-A-CIDE INSECT SPRAY

(Contains DIAZINON)

A Residual and Contact Insecticide especially designed for the Food Processing Industries. Dia-A-Cide is ready-to-use, odorless and non-staining. Kills resistant roaches and flies.

ACTIVE INGREDIENTS.....	100%
Petroleum distillate, deodorized.....	98.184
O, O-diethyl 0-(2-isopropyl-4-methyl-6-pyrimidinyl) phosphorothioate.....	1.000
N-octyl bicycloheptone dicarboximide*...	0.166
Technical piperonyl butoxide**.....	0.100
Pyrethrins.....	0.050

*MGK 264, Insectide Synergist, U.S. Pat. No. 2,476,512

**Consists of (butyl carbityl) (6-propyl piperonyl) ether and related compounds.

U. S. Pat. No. 2,754,243

DIRECTIONS

All processing equipment and produce should be covered to avoid contamination. Roaches, ants, waterbugs, silverfish, spiders, crickets: Use as a "spot" treatment paying special attention to infested cracks, crevices, drains, around baseboards, surfaces behind and beneath cabinets, pipes, sinks, etc. Use as a coarse spray and spray until the point of run-off. Repeat treatment as necessary.

Flies, mosquitoes, wasps, and flying moths outdoors: Spray outside surfaces of screens, doors, window frames or wherever insects may enter the premises. Spray unloading docks and other outside areas where flies congregate.

Carpet Beetles: Make localized applications to areas of the floor and baseboards. Spray directly into cracks and crevices where insects may be found. Repeat as necessary.

CAUTION

Harmful if swallowed. Keep out of reach of children. Avoid contamination of feed and foodstuffs. Avoid repeated or prolonged inhalation and skin contacts; wash thoroughly after using. Do not use on household pets or humans. Do not use or store near heat or open flame. To be applied by or under the supervision of trained personnel.
