

# LYNDE KOR-CIDE MIST SPRAY

Contains KORLAN\*

## DIRECTIONS

**BUILDING PREPARATION:** Remove birds, pets and fish bowls from area to be treated. Remove occupants from room while applying mist spray. Cover exposed fruits, vegetables, foods and food handling equipment to prevent contamination. Open cabinets and other enclosures to allow mist spray to penetrate all areas. Shut off all fans and air conditioners. Close all outside windows and doors. Extinguish all open flames, including pilot lights.

**APPLICATION OF SPRAY:** With Mist Applicator, direct spray behind refrigerators, cabinets, and other fixtures where pests hide. Then place spray applicators to give complete dispersion of mist spray throughout the room. Apply spray at the rate of one gallon per 50,000 cubic feet of room volume. **APPLICATOR SHOULD WEAR A DUST MASK OR OTHER SUITABLE EQUIPMENT TO PREVENT INHALATION OF SPRAY PARTICLES.** Leave room undisturbed for at least 2 hours after application has been completed.

## CAUTION

Avoid prolonged or repeated skin contact. Avoid prolonged or repeated inhalation of spray mists. Avoid contamination of food handling equipment, feed, foodstuffs, and water supplies. Wash thoroughly after handling.

*Note to Physician:* Ronnel is a cholinesterase inhibitor. Atropin is an antidote. Treat symptomatically.

For use in such Mist Applicators as Microsol Fog Generators and Challenger Units.

**KILLS:** Roaches, ants, flying moths, crickets, spiders, flies, silverfish and certain other insects in supermarkets, restaurants, dwellings, apartment houses, office buildings, warehouses, etc.
