

**LYNDE**  
**TRIPLE DUTY CONCENTRATE**  
 CONTAINS AN EMULSIFIABLE PREMIUM GRADE MALATHION

FOR USE IN BOX CARS, BIN AND ELEVATORS, DRY MILK PROCESSING PLANTS  
 OUT-DOOR MOSQUITO CONTROL ( Mist Blowers)

Contains 5 pounds per gallon of  
 CYTHION - THE PREMIUM GRADE MALATHION

ACTIVE INGREDIENTS

Malathion*	56.00%
Petroleum aromatic solvent	35.00%
INERT INGREDIENTS	9.00%

\*O,O-dimethylphosphate of diethyl mercaptosuccinate  
 "Cythion" is a registered Trade Mark of American Cyanamid Co.

**Directions**

As a residual spray for the control of Confused flour beetles, Rice weevil, Granary weevil, Saw-toothed grain beetle, Flat grain beetle, Red flour beetle, Rusty grain beetle, Lesser grain borer, Indian meal moth, and Mites. Apply as a residual spray on walls, floors, in grain elevators, bins, grain trucks, box cars and ships holds before loading grain. Clean area to be treated and remove and burn all sweepings and debris before spraying. Use 1 gal. of Concentrate to 25 gal. water. All cracks and crevices should be sprayed thoroughly.

Dry Milk Processing Plants-For the prevention and spread and the reduction of infestations of black carpet beetles and Trogoderma spp.-Use one pint of Concentrate in 2 1/2 gal. of water, applying as a coarse spray. Repeat as necessary. Applications to be made by experienced or trained personnel.

Out-Door Mosquito Control- For use in such Mist Blowers- as John Bear Rotomist, Buffalo Turbine, Hardie, etc. To make 100 gal. of finished Malathion spray use 2 gal. of Concentrate in 98 gal. of water. In open areas effective mosquito control can be obtained by applying the mist spray at 50-100 gal. per hour, covering a swath width of 200 ft. at a vehicle speed of 3-5 miles per hour. Spray mists may cause spotting of automobile paint finish if prolonged exposure is permitted. Cars should not be sprayed directly. Wash cars immediately in event of accidental exposure.

**CAUTION**  
 KEEP OUT OF

**REACH OF CHILDREN**

Harmful if swallowed, inhaled or absorbed through the skin. Do not breathe spray mist or vapor. Wash with soap and water after using, and before eating or smoking. Wash clothes before re-use.

Do not contaminate milk or processing equipment, cover or remove foods before spraying. Do not contaminate feed or feed-stuffs.

Keep all unprotected persons out of the operating area or vicinity where there may be danger of drift.

Highly toxic to fish. Do not contaminate any body of water by direct application, cleaning of equipment or disposal of wastes and containers.

Do not re-use empty containers. When empty container is empty wash out, rinse and destroy by puncturing and crushing or transport to professional drum reconditioner.

Do not store or use near heat or open flame.

NOTE: to PHYSICIAN - THIS FILLS IS ANTI-DOTAL
