CHEMICALS FOR CRYSTAL CLEAR POOLS

ALGI-BAN

OUTSTANDING ALGAE GROWTH DEPRESSANT

ACTIVE INGREDIENT:

Alkyl Dimethyl Benzyl Ammonium Chloride
(C₁₄, 60%; C₁₂, 25%; C₁₆, 15%)... 10%

INERT INGREDIENT:

90%
100%

June 17, 1975
4571-56

INITIAL APPLICATION: To a cleaned swimming pool add one gallon to 50,000 gallons of water, or ratio thereof.

MAINTENANCE DOSE: Use one quart per 50,000 gallons of water every 5 to 7 days. When weather is hot or bathing load is heavy, use this dosage every 5 days or as necessary.

BOOSTER DOSE: Immediately after every rain add one quart per 50,000 gallons of water as above.

IMPORTANT: Follow above directions without fail, even when pool is not used. Algae growth must be fought at all times.

POOL-SIDE SURFACES: After cleaning surfaces use one ounce to four gallons of water for sanitizing or one ounce to two gallons of water for disinfecting.

Do not reuse empty container. Destroy it by burying with waste or burning. Stay away from smoke or fumes.

This product is toxic to fish. Treated effluent should not be discharged where it will drain into lakes, streams or ponds.

NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory depression and convulsion may be needed.

DANGER: Keep Out of Reach of Children. Corrosive. Causes eye damage and skin irritation. Do not get in eyes, on skin or on clothing. Wear goggles or face shield and rubber gloves when handling. Harmful or fatal if swallowed. Avoid contamination of food.

EPA Reg. No. 4591-56

ADVANTAGES

1. Is efficient, economical and stable in use dilution.
2. Is compatible with all chemicals used in pool water and will not damage tile, concrete, metal, or plastics.
3. Keeps swimming pool water free and sparkling, clear of visible algae, slime and green brown colors.
4. Improves filter operation and cuts down need for other chemicals.
5. Imparts tone and a pleasant "feel" to swimming pool water.

FIRST AID

In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes, call a physician. Remove and wash contaminated clothing before reuse.

If swallowed, drink promptly a large quantity of milk, egg whites, gelatin solution, or, if these are not available, drink large quantities of water. Avoid alcohol. Call a physician immediately.
