

DEARCIDE® 708 MICROBICIDE

A BACTERIOSTAT AND ALGAEICIDE FOR THE CONTROL OF THE GROWTH OF MANY OF THE BIO-FOULING ORGANISMS OCCURRING IN OPEN RECIRCULATING COOLING SYSTEMS.

ACTIVE INGREDIENTS:

METHYLENE BISTHIOCYANATE 5.0%
SODIUM BISULFATE 71.25%

INERT INGREDIENTS 23.75%

DIRECTIONS FOR USE: Apply initial shock dosages of 75 ppm DEARCIDE® 708 once a week until control is evident, after which the weekly dose may be reduced to 50 ppm. The retention time of DEARCIDE 708 within the system and variations in the factors promoting new growths of slime or algae will affect the interval between dosages. See Product Bulletin 7218.

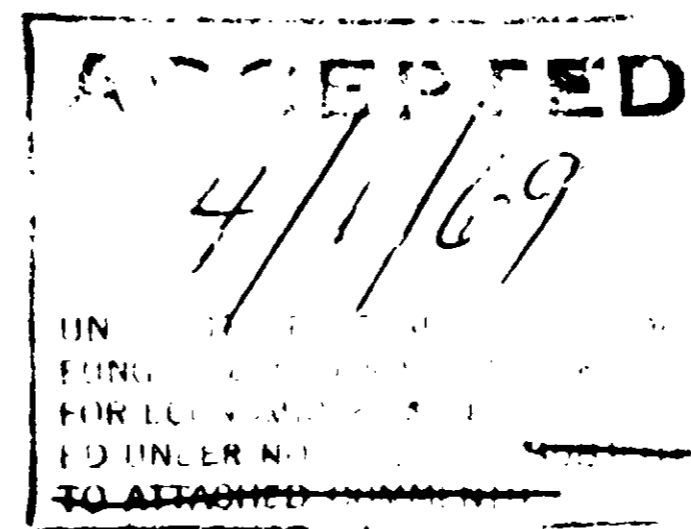

DANGER: KEEP OUT OF REACH OF CHILDREN. FOR INDUSTRIAL USE ONLY. Harmful if swallowed. Damaging to the eyes. Irritating to the skin. Do not breathe dust. Wear gloves when handling briquettes. Do not get in eyes, on skin or on clothing. In case of skin contact, wash with soap and water. For eyes, flush with water for 15 minutes and get prompt medical attention. Water treated with DEARCIDE 708 should not be used for food processing, irrigation or in the manufacture of paper used for food packaging. Do not discharge treated effluent into water containing fish or shellfish. Do not reuse container; destroy when empty.

KEEP CONTAINER CLOSED WHEN NOT IN USE.

DEARCIDE 708 MICROBICIDE

A BACTERIOSTAT AND ALGAEICIDE FOR THE CONTROL OF THE GROWTH
OF MANY OF THE BIO-FOULING ORGANISMS OCCURRING IN OPEN
RECIRCULATING COOLING SYSTEMS

ACTIVE INGREDIENTS:

METHYLENE BISI(2-NAPHTHOL AMINE)
SODIUM BISULFATE

INERT INGREDIENTS

DIRECTIONS FOR USE: Add 1.0 ounce of DEARCIDE 708 per 100 gallons of water to the weekly dose of water treatment chemicals. This will provide a concentration of 1.0 ppm of DEARCIDE 708 in the system. The system should be flushed with fresh water after each addition of DEARCIDE 708.

DANGER - KEEP OUT OF REACH OF CHILDREN

Keep this product out of the hands of children. If you are pregnant, avoid contact with this product. If you get this product on your skin, wash with plenty of water. If you get this product in your eyes, wash with plenty of water. If you get this product in your mouth, spit it out and wash with plenty of water. If you get this product on your clothes, wash them with plenty of water. If you get this product on your hands, wash with plenty of water. If you get this product on your face, wash with plenty of water. If you get this product on your hair, wash with plenty of water. If you get this product on your feet, wash with plenty of water. If you get this product on your shoes, wash them with plenty of water. If you get this product on your car, wash it with plenty of water. If you get this product on your house, wash it with plenty of water. If you get this product on your furniture, wash it with plenty of water. If you get this product on your walls, wash them with plenty of water. If you get this product on your floors, wash them with plenty of water. If you get this product on your ceiling, wash it with plenty of water. If you get this product on your roof, wash it with plenty of water. If you get this product on your driveway, wash it with plenty of water. If you get this product on your lawn, wash it with plenty of water. If you get this product on your garden, wash it with plenty of water. If you get this product on your plants, wash them with plenty of water. If you get this product on your animals, wash them with plenty of water. If you get this product on your pets, wash them with plenty of water. If you get this product on your children, wash them with plenty of water. If you get this product on your family, wash them with plenty of water. If you get this product on your community, wash it with plenty of water. If you get this product on your world, wash it with plenty of water.
