Rot-Fyter is a water-repellent preservative for all kinds of woods containing Pentachlorophenol and Petroleum Distillate. Do not use or store near heat or open flame. Keep contents, freshly treated articles, away from flame, food, and plants. Use in well-ventilated area. Do not breathe vapor or spray mist. Do not get in eyes, on skin or clothing. Wear rubber gloves and protective clothing when working with or handling lumber freshly treated with Rot-Fyter.

**FIRST AID:** In case of skin contact, wash with soap and plenty of water. In case of eye contact, flush eye immediately with plenty of water for at least 15 minutes and get medical attention. If swallowed, do not induce vomiting. **CALL A PHYSICIAN.** Never give anything by mouth to an unconscious person.

**ENVIRONMENTAL HAZARDS**

This product is toxic to fish and wild life. Keep out of lakes, ponds and streams. Do not contaminate water by cleaning of equipment or disposal of waste.

**STORAGE AND DISPOSAL**

Do not use or store inside the home, or near open flame. Do not reuse empty container. Wrap container and put in trash collection.

**OUTSTANDING FEATURES**

Water repellent. Reduces swelling, shrinking and warping.  
Protects against decay and fungi stain.  
Ready to use.  
Adds years of life to wood.  
Odorless when dry.  
Resists termites.  
Paintable.  
Rot-Fyter may be tinted with universal tinting colors.

**DIRECTIONS FOR USE**

Apply this product only as specified on this label. It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

**USES**

ROT-FYTER is a penetrating wood preservative. It is water repellent, and is an excellent base for paints, varnish, enamel, both high hiding and semi-transparent stains, and increases resistance to blistering and peeling. It is effective against termites, dry-rot, and stain caused by fungi and molds.
