Ms. Karen Vasquez
Boehringer Ingelheim Animal Health Inc.
2621 North Belt Highway
St. Joseph, MO 64506

Dear Ms. Vasquez:

Subject: Label Amendments in Response to Basic Suppliers Deletion of Certain DDVP Uses
Flea & Tick Collar for Dogs
EPA Registration No. 4691-126
Flea & Tick Collar for Cats
EPA Registration No. 4691-127
Your Submission Dated May 17, 1995

The amendment referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable provided that you make the labeling changes indicated below prior to release for shipment of product bearing the amended labeling:

1. Add the following statement to the rear or side panel in bold, all caps:

"READ ENTIRE LABEL BEFORE EACH USE. USE ONLY ON CATS (for cat collar) and USE ONLY ON DOGS (for dog collar)."
2. Replace "Do not use on sick or convalescing cats/dogs" with "Consult a veterinarian before using this product on sick, debilitated, aged, pregnant, nursing or medicated animals."
3. Add the following precaution: "Sensitivities may occur after using ANY pesticide product for pets. If signs of sensitivity occur remove collar and bathe your pet with mild soap and rinse with large amounts of water. If signs continue, consult a veterinarian immediately."

Submit two copies of each final printed labeling before you release the products for shipment. A stamped copy of the labeling is enclosed for your records.

Sincerely,

George T. LaRocca
Product Manager 13
Insecticide Branch
Registration Division (7505C)

NET WEIGHT: 0.4 OZ

4691-127
EPA Reg No. ~~56493-12~~
EPA Est. No. 56493-KS-01

Manufactured by:
Fermenta Animal Health Company
10150 N. Executive Hills Boulevard
Kansas City, Missouri 64190-1350

TechAmerica™

CAUTION: Do not open protective pouch until ready to use. Do not allow children to play with this collar. Do not use on nursing kittens or on cats under 3 months of age. Do not use on Persians. Do not use on sick or convalescing cats. Remove collar at first sign of irritation or adverse reaction. Do not use any other pesticide on cat while collar is worn. Collar is intended for use only as an insecticide generator and is not to be taken internally by man or animals. This product contains the toxic inert ingredient Di-ethyl hexyl phthalate.

Note to Physician/Veterinarian: This product contains dichlorvos, a cholinesterase inhibitor. Atropine is antidotal.

STORAGE AND DISPOSAL
STORE in original container. Do not reuse empty container. Wrap container (also spent collars) and DISPOSE in trash.

ACTIVE INGREDIENTS

Dichlorvos: 2,2-Dichlorovinyl dimethyl phosphate 4.8%*
Related compounds 0.2%*

INERT INGREDIENTS 95.0%

TOTAL 100.0%

*Equivalent to 5% w/w TECHNICAL DDVP Insecticide

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.
Place Flea Collar around cat's neck, adjust for proper fit and snap in place. The collar must be worn loosely and in addition to the regular collar. If collar is worn too tightly, it may produce neck irritation. Cut off and dispose of the excess length. Flea kill begins at once and will continue for 3 months while the collar is worn. For continuous protection, replace collar when effectiveness diminishes. When bathing cat, remove collar until cat is dry.
