This product is a cholinesterase inhibitor. If symptoms of cholinesterase inhibition are present, atropine sulfate by injection is antidotal. Do not give morphine.	

Net Weight: 15 Grams Per Tag Minimum.
 Contents: 2 Pouches of 10 Tags, 2 Bags of 10 Rivets.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS. WARNING.

May be fatal if absorbed through skin. Do not get in eyes, on skin or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, or using tobacco. Remove contaminated clothing and wash clothing before reuse.

Applicators of cattle ear tags impregnated with ethion must wear:--Long sleeved shirt and long pants--Socks and shoes--Chemical-resistant gloves, such as rubber gloves.

ENVIRONMENTAL HAZARDS. This pesticide is toxic to fish. Do not contaminate water by disposal of used tags.

DIRECTIONS FOR USE

This product may only be used as a cattle ear tag.

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

For optimum control of horn flies, control of ear ticks, and as an aid in the control of face flies, lice, stable flies and houseflies attach one tag to each ear (two tags per animal). Replace as necessary. These tags have been proven to substantially reduce pyrethroid resistant horn flies for up to five months. Apply as indicated (Figures 1-5). Calves less than 3 months of age should not be tagged as ear damage may result. **Remove tag prior to slaughter.**

Figure 1.

Disinfect pliers prior to use. Place female tag under clip by depressing lever. Collar on tag must be pointing down.

Figure 2.

Slide male rivet on pin. Align tip of male rivet with female portion of tag. Tag and rivet are now ready for application.

Figure 3. Figure 4.

Position tag on the inner flat surface in center of ear. Do not allow shaft of the male rivet to penetrate any cartilage rib or blood vessel or ear damage may result. We recommend that tag be rotated at a 90° angle (Fig. 4) for ease of application. Tag may also be extended outward from the plier in a straight manner (Fig. 3).

Figure 5.

When properly positioned, the tag should hang as shown.

STORAGE AND DISPOSAL

Store in a cool place in original container.

Opened pouches containing ear tags should be resealed for storage. Do not contaminate water, food, or feed by storage or disposal.

Pesticide Disposal: Waste (spent tags) resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

Container Disposal: Dispose of empty container in a sanitary landfill or by incineration, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.

WARRANTY AND LIMITATION OF DAMAGES

Seller warrants that this material conforms to its chemical description and is reasonably fit for the purposes stated on the label when used in accordance with directions under normal conditions of use and Buyer assumes the risk of any use contrary to such directions. **Seller makes no other express or implied warranty, including any other express or implied warranty of Fitness or of Merchantability, and no agent of Seller is authorized to do so except in writing and with a specific reference to this warranty.** In no event shall Seller's liability for any breach of warranty exceed the purchase price of the material as to which a claim is made.
