Kills Roaches, Waterbugs, Silverfish, Flies, Mosquitoes, Spiders, Vinegar and Fruit Flies, Flies, Gnats, Ants, Carpet Beetles, Accessible Grain Beetles, Flour Weevils, Meal Moths, Rice Weevils, Cadelles, Flat Grain Beetles and Chocolate Moths when used as directed

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling

The use of this product in food processing establishments should be confined to the periods when the plant is not in operation. Foods should be removed or covered during treatment. All food processing surfaces should be covered during treatment and thoroughly washed and rinsed with potable water before using. Stored food products which are infested should be fumigated or treated by other effective methods using an approved product intended for that purpose.

SPACE SPRAY

For control of accessible, exposed stages of flies, including mosquitoes, small flying moths, gnats, midges, noseeds, cheese skippers and these common stored product pests: granary weevils, rice weevils, confused flour beetles, saw-toothed grain beetles, spider beetles, cigarette beetles, drugstore beetles, Angoumois grain moths, Mediterranean flour moths, Indian meal moths, tobacco moths, meal worms and grain mites.

1. Close all doors, windows, and other spaces, including ventilating systems through which the fog may escape.
2. Apply at the rate of one ounce of MAGIC CIRCLE FOG SPRAY CONC. for each 1,000 cubic feet of space.
3. Direct the spray toward the ceiling and upper corners of the area as well as central obstructions.
4. Vacate the treated area and allow the fog to remain in closed room for a period of at least 15 minutes; longer where possible.
5. Ventilate area before reoccupying.

SPACE AND CONTACT SPRAY

1. For control of accessible exposed stages of silverfish, crickets, cockroaches, carpet beetles, spiders, scorpions, clover mites, cheese mites, earwigs, ants and fleas, thoroughly spray with hand or electric sprayer all cracks and crevices in woodwork, walls, floors, underneath sinks, behind pipes and in all places where these insects are known to seek shelter. Contact as many insects as possible, spray directly all ant trails. Then, for best results, proceed with space spraying directions as given previously. Use a dosage rate of 1 ounce per 1,000 cubic feet of space. When treating for ants, fleas and carpet beetles, spray floors, rugs and side walls for several feet up from the floor. Also spray animal quarters. Do not spray animals or pets.

2. For all accessible stages of Granary insects: Flour Beetles, Granary Weevils, Saw-Toothed Grain Beetles, Lesser Grain Borer, Larger Grain Borer, Angoumois Grain Moth, Indian Meal Moths Close all doors and windows of area treated. Spray floors, side walls, corners and cross beams. Stack goods with as much space between stacked merchandise. Grain bins should be emptied as frequently as possible so that walls, floors and corners are covered with thick spray. Spray weekly in warm weather and at least monthly during winter. Spray liberally after hot periods when migrations start.

IMPORTANT: Effective control by space spraying requires treatment as frequently as conditions of premises necessitate. Frequency of treatment must be based on prevailing conditions, such as initial infestation, type and amount of product attracting various insects, prevailing temperature, humidity and amount of incoming traffic.

STORAGE AND DISPOSAL

(Through 1 Gallon Size) - Store this product in its original, closed container in a locked area, away from children and domestic animals. Do not reuse empty container. For disposal, secured) wrap closed original container in several layers of newspaper and discard in trash. Do not contaminate water, feed or food by storage or disposal.

(Sizes [illegible] than 1 gallon) - Do not contaminate water, food or feed by storage or disposal. Store in original, closed container in a locked area away from children and domestic animals.

PESTICIDE DISPOSAL: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

CONTAINER DISPOSAL: Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill or by other procedures approved by state and local authorities. Do not reuse container.

NOTICE: SELLER MAKES NO WARRANTY OR GUARANTEE OF ANY KIND, EXPRESS OR IMPLIED, CONCERNING EFFECTS OF USE OF THIS PRODUCT, OTHER THAN THOSE SPECIFIED ON THIS LABEL. BUYER, OR USER, ACCEPTS ALL RESPONSIBILITY FOR RESULTS DUE TO MISUSE OR IMPROPER HANDLING OF THIS PRODUCT.
