

For Control of Cockroaches (Waterbugs), Ants, Silverfish, and Spiders

DIRECTIONS FOR USE

Resistant & Nonresistant Cockroaches (waterbugs): Apply the powder in light films to all areas where roaches crawl and hide, such as around water pipes, in cracks and crevices, under and behind cabinets, refrigerators and sinks. Apply the powder by means of a rubber bulb or plastic squeeze dispenser.

Ants & Silverfish: Apply thoroughly in areas around water pipes, in cracks, under and behind cabinets, refrigerators, sinks, and around doors, windows and book cases.

Spiders: Apply around windows, doors and along baseboards. Make spot applications also.
