BEST 4 SERVIS BRAND HOUSEHOLD INSECT SPRAY is a highly effective new formulation which provides rapid kill of such crawling insects as listed below, including those resistant to certain chlorinated hydrocarbon and phosphate insecticides.

Ants	Fleas	Scorpions
Brown dog ticks	Flies	Saw-toothed grain beetles
Clover Mites	Millipedes	(exposed stage)
Crickets	Mosquitoes	Silverfish
Earwigs	Roaches	Scowbugs
		Spiders

In addition to rapid kill, BEST 4 SERVIS BRAND Household Spray stays on treated surfaces and kills insects many weeks after the spray deposit has dried.

HOW TO USE: BEST 4 SERVIS BRAND Household Insect Spray is ready to use undiluted as it comes from the can, and may be applied with either power-operated or hand sprayers. Apply as a coarse spray to infected surfaces until wet, moving the spray stream rapidly enough to prevent excessive wetting of surfaces and waste of material. Direct spray away from people, plants and pets.

RESTRICTIONS: Do not apply to rugs, carpets, draperies, wallpaper, or similar materials that may be stained. Avoid excessive wetting of plastic, rubber and asphalt surfaces such as tiles and floor coverings. Do not allow the small, finger-operated, plastic attachment type sprayer to remain in BEST 4 SERVIS BRAND Insect Spray solution for extended periods as the plastic sprayer may be damaged.
