FOR CONTROL OF ROOTWORMS AND CERTAIN OTHER INSECTS ON CORN

SOIL INSECTS IN CORN:

FOR ROOTWORMS: Apply 1-1/3 pint per acre as a row spray treatment and 2-2/3 pints per acre for broadcast spraying. Treat just before planting and disc in immediately. Row treatment is done at time of planting with nozzles adjusted so sprayed area is covered with soil along with seed.

FOR CORN BILLBUGS, WIREWORMS, SEED CORN MAGGOT, WHITE GRUBS, GREEN JUNE BEETLE LARVAE, as well as CORN ROOTWORMS, make a broadcast application of 2/3 gallon in sufficient water to cover an acre (3-10 gallons for aerial application, 10-20 gallons for ground application). Apply betore planting and disc in immediately.

SOIL INSECTS IN OTHER CROPS:

SOYBEANS: For Grape Colapsis, Seed Corn Maggot, White Grubs and Wireworms, apply 2,'3 to 1 gallon per acre in sufficient water (3-10 gallons for aerial application, 10-20 gallons for ground application), treating soil prior to or at the time of planting. Cover sprayed area with soil immediately.

SMALL GRAINS: BARLEY, OATS, RYE, WHEAT — For White Grubs and Wireworms, treat same as for Soybean insects but as a pre-planting treatment only.

GARDEN INSECTS: For Wireworms on Tomatoes and Peppers, use 2/3 to 1 gallon per acre in 10-20 gallons of water (6 thsp. in 2 gallons of water per 1,000 sq. ft.) Spray soil around new sets or seedlings before edible parts have started to form. Work into top few inches of soil.

HEPTACHLOR 300 EMULSIFIABLE CONCENTRATE

(Contains Three Pounds Actual Heptachlor per gallon)

WARNING: KEEP OUT OF REACH OF CHILDREN

See Side Panels for Additional Warnings

ACTIVE INGREDIENTS:

Heptachlor*		31.08%
Related Compounds		12.08%
Petroleum Hydrocarbons		
INERT INGREDIENTS:		8.00%
	Total	100.00%

* Heptachlorotetrahydro-4,7-methanoindene

COLORADO INTERNATIONAL CORP., COMMERCE CITY, COLO. 80022

For Wireworms on Snap Beans, use 5-1/acre in 10-20 gallons of water (4-3/4 tbsp. in per 1,000 sq. ft.) Apply only as a prepla work into top few inches of soil.

LAWN INSECTS: For Ants, Chiggers, Ear White Grubs and Wireworms, use 4 thsp. in for 1,000 sq. ft. (2/3 gallon per acre). F and Ticks, treat grass and foliage. Wash i sects. Keep children and pets off treated a terial is washed into the soil and grass is d

WARNING: May be fatal if swallowed. Do or spray mist. Do not get on skin. In ca immediately with soap and water. Do not c foodstuffs. Do not use on any food crops as spray. Soil treatments only.

This product is toxic to fish and wildlife treated areas may be killed. Keep out streams. Do not apply to any area not spe Rinse equipment and containers and disposeing in non-crop lands away from water su should be disposed by punching holes in the wastes.

NOTICE: Seller warrants that this producting redient statement on the label. Since collas weather, compatibility with other chem of application equipment will vary, Selle: other than those stated on this label.
