

# KENNEL DUST

*Comments*

**KILLS FLEAS - KILLS TICKS**

IN LAWNS, KENNELS, RUNS AND DOG BEDDING  
Sure, Fast and Long-Lasting

IT MUST WORK — OR YOUR MONEY BACK

ACCEPTED WITH COMMENTS

ACTIVE INGREDIENTS: Carbaryl (1-naphthyl N-methylcarbamate). 5.00%.  
INERT INGREDIENTS: 95.00%.

Catalog No. H-39

For use on lawns, sprinkle at the rate of 4 oz. for each 100 square feet. Dust liberally in and around kennels and on dog bedding to control infestation of fleas and ticks. Repeat as necessary. Do not reuse container. Destroy when empty.

**CAUTION:** Keep out of reach of children.

Avoid handling. Avoid breathing of dust or contact with skin. Wash hands after applying. Avoid contamination of feed or foodstuffs. Harmful if swallowed or inhaled.
