KENNEL DUST

Maybe Harmful if Swallowed

PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS & DOMESTIC ANIMALS

CAUTION
Do not breathe dust. Avoid contact with skin. Wash hands after applying. Do not contaminate feed or food stuffs.

STATEMENT OF PRACTICAL TREATMENT

If swallowed - Call a physician or Poison Control Center immediately. Note to Physician: Product contains cholinesterase inhibitor. Atropine should be administered only if symptoms of cholinesterase inhibition appear.

If inhaled - Remove victim to fresh air. Apply artificial respiration if indicated.

If on skin - Remove contaminated clothing and wash affected areas with soap and water.

If in eyes - Flush eyes for at least 15 minutes with water. Call a physician immediately.

DIRECTIONS FOR USE
It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

For use on lawns, sprinkle at the rate of 4 oz. for each 100 square feet. Dust liberally in and around kennels and on dog bedding to control infestation of fleas and ticks. Repeat as necessary.

STORAGE AND DISPOSAL
Do not reuse container. Wrap in paper and dispose with trash.

ENVIRONMENTAL HAZARDS:

This product is extremely toxic to aquatic invertebrates. Do not apply directly to water or wetlands. Do not contaminate water by cleaning of equipment or disposal of wastes.

This product is highly toxic to bees exposed to direct treatment or residues on blooming crops or weeds. Do not apply this product or allow it to drift to blooming crops or weeds if bees are visiting the treatment area.
