STATEMENTS OF PRACTICAL
TREATMENT

IF SWALLOWED--Call a physician or Poison Control Center immediately. Note to physician: Product contains cholinesterase inhibitor. Atropine should be administered only if symptoms of cholinesterase inhibition appear.

IF INHALED--Remove victim to fresh air. Apply artificial respiration if indicated.

IF ON SKIN--Remove contaminated clothing and wash affected areas with soap and water.

IF IN EYES--Flush eyes for at least 15 minutes with water. Call a physician immediately.

ENVIRONMENTAL HAZARDS

This product is extremely toxic to aquatic invertebrates. Do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water by cleaning of equipment or disposal of wastes.

This product is highly toxic to bees exposed to direct treatment or residues on blooming crops or weeds. Do not apply this product or allow it to drift to blooming crops or weeds if bees are visiting the treatment area.

ACCEPTED
APR 15 1997
Under the Federal Insecticide,
Fungicide, and Rodenticide Act,
as amended, for the pesticide
registered under
EPA Reg. No. 4758-7

ZONE CONTROL

To prevent reoccurrence of fleas, a total management program is recommended. You should treat the areas where fleas live with the Holiday 4-Step Program which consists of: Step 1- Shampoo/Dip the pet; Step 2- Treat the home and yard; Step 3- Flea and Tick Collars on the pet; Step 4- Maintenance Sprays and Powders. Ask your pet care professional for specific recommendations on how to best control fleas for the comfort and well being of your pet and family.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

USER SAFETY REQUIREMENTS

- Wear long-sleeved shirt, long pants, shoes plus socks and household latex or rubber gloves when applying this product.
- Change clothing as soon as possible after use.
- Wash the outside of gloves before removing. As with any pesticide product, wash hands thoroughly immediately after handling and before eating, smoking or using the toilet.
- Do not allow children or pets to contact treated area until dust has settled.

Wearing household latex or rubber gloves, use a dust applicator such as a shaker can, dust gun, puffer or other bulbous duster, rotary duster or other appropriate duster as available. Dust lightly to cover both upper and lower leaf surfaces with a thin, even film of dust.

272

Apply when air is calm to avoid drift and contact with eyes and skin.

Start applying at the farthest corner of the treatment area and work backward to avoid contact with dusted surfaces. Allow dust to settle in treated areas before reentering.

For plants above chest height, consider using a liquid carbaryl product.

Do not repeat application more than once per week.

For use on lawns, sprinkle at rate of 4 oz. for each 100 square feet. Remove dog before treating kennels or runs. Dust liberally in and around kennels and on dog's bedding to control infestation of fleas and ticks. **Do not use inside home.**

STORAGE AND DISPOSAL

STORAGE: Store in a cool dry area out of reach of children.

DISPOSAL: Do not reuse container. Wrap in paper and dispose with trash.
