PET REPELLENT

FOR DOGS AND CATS

Holiday Pet Repellent has a pleasant odor to most people but is apparently disliked by pets. The most effective control for pets is the sharply spoken word backed up with disciplinary action. This product should be used in conjunction with disciplinary training. This repellent may be used for training dogs to keep off furniture or away from any particular spot in home.

Can be used outside as inside but avoid wetting tender blossoms or plants.

DIRECTIONS: Spray lightly. Hold can about 8 inches from surfaces. Tiny amounts are effective. Repeat daily until pets are conditioned to stay away from certain areas, then as needed.

CAUTION: FLAMMABLE. Do not use near fire or flame. Contents under pressure. Do not puncture or incinerate. Do not store in direct sunlight or temperature in excess of 125°F. Strongly irritating to eyes, nose and skin. Do not get in eyes, on skin or clothing. Wash contaminated areas with soap and water. Harmful if swallowed. Do not spray on animals.
