GUARANTEE
 If this product fails to perform as claimed, mail this container to Pet Chemicals, Inc. FULL PURCHASE PRICE plus your return postage will be refunded by return mail.

CHEW STOP has a mild, pleasant odor. It is made from neutral oils and flavoring oils that are bitter and distasteful to animals, including dogs and cats. Animals will instantly shun articles sprayed with **CHEW STOP**. After a few attempted chews, or licks, the animal is usually conditioned against these particular articles. **CHEW STOP** may be sprayed directly upon sore spots or medication on animals.

DIRECTIONS

Hold about 8 inches from object or animal and spray lightly. One spraying works on most pets; two or three sprayings usually condition the most stubborn pet. Repeat daily or as needed.

CAUTION: FLAMMABLE. Contents under pressure. Do not puncture. Do not use or store near heat or open flame. Exposure to temperatures above 130°F. may cause bursting of container. Never throw into fire or incinerator. Do not spray directly into eyes. Avoid wetting animal's testicles to prevent irritation.

U.S.D.A. Reg. No. 4758-51 SDA Fla. 273

Mfg. by

PET CHEMICALS, INC.

P.O. Box 656, Miami Springs, Florida 33166

ACTIVE INGREDIENTS, 5.00%

- Abitol (Technical Hydro Abietyl Alcohol)
