

**FOR USE ONLY
WHEN BUILDING IS VACATED
BY HUMANS AND PETS**

DIRECTIONS: Use at least one canister for each 12,000 cubic feet of unobstructed area. Use additional units for remote rooms or where free flow of mist is not assured.

IMPORTANT: Cover or remove exposed foods, dishes and food handling equipment. All food processing surfaces should be covered during treatment or thoroughly cleaned before using. Fogger must be placed on table, chair or stand when releasing. Place newspapers under canister to prevent marring surface. Close doors and windows. Remove pets. Cover fish tanks and bowls with paper or remove. Open cabinets and doors to areas to be treated. Shut off fans and air conditioners. Put out all open flames except pilot light. Place at least 6 feet away from pilot light. Keep at arm's length when releasing. Point top of can away from face and eyes.

To start fogging, position clip as shown on the diagram of box and press. Set in upright position and leave the building at once. Leave undisturbed for 2 hours. Open doors and windows and allow to air for 30 minutes. Holiday Fogger alone uses a special patented positive release clip.

CAUTION: Avoid breathing of mist. Avoid contact with eyes. Harmful if swallowed, inhaled, or absorbed through skin. Avoid contact with skin. Wash hands after handling. Keep out of reach of children.

Avoid contamination of feed and foodstuffs. Insecticides may soften some asphalt tile floors. If used directly over asphalt tile, newspapers should be spread on the floor for several feet around the area of release. Do not use with freshly waxed floors; allow 3 weeks for wax to harden as this product may cause fresh wax to become softened.

WARNING: Contents under pressure. Do not puncture. Do not use or store near heat or open flame. Exposure to temperatures above 130° F. may cause bursting. Never throw container into fire or incinerator.

ACTIVE INGREDIENTS: Petroleum Distillates, 9.036%; Technical Piperonyl Butoxide*, 4.00%; o-Isopropoxyphenyl Methylcarbamate, 1.00%; 2,2-dichlorovinyl dimethyl phosphate, 0.47%; related compounds, 0.03%; Pyrethrins, 0.40%.

INERT INGREDIENTS: 85.064%.

*Equivalent to 3.20% of (butylcarbityl) (6-propylpiperonyl) ether and .80% related compounds.
