EPA Est. No. 11715-TN-1

Manufactured For:
PET CHEMICALS
P.O. BOX 18993
Memphis, TN 38181-0993

Holiday Flea & Tick Shampoo is highly regarded not only as an effective flea & tick killer, but also as a superior grooming product. Its non-alkaline formula contains the key active ingredient, d-Limonene, a pleasant, citrus-scented insecticide, plus cleansing agents, lanolin and special conditioners. As a result, tangles brush out easily, leaving the pet with a clean, soft, shiny, healthier-looking coat and fresh, clean smell.

For added protection against fleas and ticks, use [fill in brand name] Flea & Tick Dip and Spray as a part of pet grooming. As with any quality product, be sure to read and follow all label instructions carefully.

ZONE CONTROL

To effectively control fleas, you should treat the areas where fleas live with the HOLIDAY® 4-Step Program which consists of: Step 1 - Shampoo/Dip the Pet; Step 2 - Treat the Home and Yard; Step 3 - Flea and Tick Collars on the Pet; Step 4 - Maintenance Sprays and Powders. Ask your pet care professional for specific recommendations on how to best control fleas for the comfort and well being of your pet and family.

PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS WARNING

Causes eye irritation. Do not get in eyes. Harmful if swallowed. While washing cats, kittens or puppies, avoid getting shampoo in animal's eyes. Do not use on kittens or puppies under 6 weeks of age.

May be used in conjunction with organophosphates and carbamate based insecticides. Does not inhibit acetylcholinesterase activity.

STATEMENT OF PRACTICAL TREATMENT

If Swallowed: Call a physician or Poison Control Center. Give a glass or two of water and induce vomiting by touching the back of throat with finger, or, if available, by administration of syrup of Ipecac. Never give anything by mouth or induce vomiting in an unconscious person.

If in eyes: Flush eyes with plenty of water. Get medical attention.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Wet dog or cat with warm water and apply small amount of shampoo along the back of the animal. Work well into coat, starting at head and working back. Include legs and feet. When lather is of desired consistency, continue to work into coat for 10 minutes to kill fleas. Rinse thoroughly with warm water and dry. When washing cats, kittens or puppies, dry with cloth immediately after rinsing to prevent chilling.

STORAGE AND DISPOSAL

Disposal: Do not reuse container. Wrap container and discard with trash.
