ZONE CONTROL

To prevent reoccurrence of fleas, a total management program is recommended. You should treat the areas where fleas live with the HOLIDAY® 4-Step Program which consists of: Step 1- Shampoo/Dip the Pet; Step 2- Treat the Home and Yard; Step 3- Flea and Tick Collars on the Pet; and Step 4- Maintenance Sprays and Fleawoods. Ask your pet care professional for specific recommendations on how to best control fleas for comfort and well being of your pet and family.

**PRECAUTIONARY STATEMENTS
HAZARD TO HUMANS AND DOMESTIC ANIMALS
CAUTION**

Do not get in eyes. May be harmful if swallowed or absorbed through skin. Avoid contact with eyes, skin or clothing. Wash thoroughly with soap and water after handling. While spraying on animals, do not get in animal's eyes. Do not use on puppies or kittens under 12 weeks of age. Consult a veterinarian before using this product on debilitated, aged, pregnant or nursing animals, or animals on medication. Do not use on irritated skin.

Applicators of flea and tick spray are to use protective gloves to reduce the risk of dermal irritation or dermal sensitization.

Sensitivities may occur after using ANY pesticide product for pets. Individual animals and pets may exhibit one or more of the following symptoms: hypothermia, tremors, ataxia, excess salivation, agitation and vocalization followed by lethargic behavior, skin and eye irritation in varying degrees. Discontinue use if one or more of the above symptoms develops. If signs of sensitivity occur bathe your pet with mild soap and rinse with large amounts of water. If signs continue, consult a veterinarian immediately.

May be used in conjunction with organophosphates and carbamate based insecticides. Does not inhibit acetylcholinesterase activity.

FIRST AID

If swallowed: Call a physician or Poison Control Center. Contains ethyl alcohol. **If on skin:** Remove contaminated clothing and wash affected areas with soap and water. **If in eyes:** Flush with plenty of water. Get medical attention if irritation persists.

PHYSICAL OR CHEMICAL HAZARDS

Flammable. Keep away from heat or open flame.

ENVIRONMENTAL HAZARDS

Do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high-water mark. Do not contaminate water when disposing of equipment washwater or rinsate.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Hold pump spray 4-6 inches from animal and direct spray into fur. Rub spray down into fur so that skin is treated and all insects are directly contacted. Be sure to include legs and feet. Spray animal until thoroughly wet but avoid run-off. Do not spray around eyes, on face or on genital areas, to avoid irritation. Use spray in well ventilated areas. Do not use on animals under 12 weeks of age. Do not use more often than once every two days on animal. If pet bedding is heavily flea infested, remove old bedding and replace with fresh: spray may be used to treat bedding.

STORAGE AND DISPOSAL

Storage: Store in a cool dry area away from heat and open flame.

Disposal: Do not reuse container except from refill size of the same product. Rinse thoroughly before discarding in trash. Securely wrap original container in several layers of newspaper and discard in trash.

In case of emergency or for product use information, please call 901/362-1950 Monday thru Friday 7:30 to 4:30 CST [For Distributor labels phone number and hours of operation will vary]
