

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Wet dog or cat with warm water and apply small amount of shampoo along the back of the animal. Work into the coat well, starting at head and working back. Be sure to include feet and legs. When lather is of desired consistency, continue to work into coat for 5 minutes to kill fleas. Rinse thoroughly with warm water. May be diluted up to 1:3 as desired.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

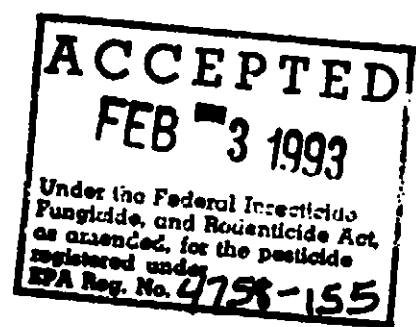

PESTICIDE DISPOSAL: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

CONTAINER DISPOSAL: Triple rinse, then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or incineration, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.

NET CONTENTS
1 GALLON (3.785 Liters)

FLEA STOP® Concentrated Citrus Scent Shampoo possesses effective insecticidal properties against fleas while at the same time offers deep cleaning and conditioning actions. Lanolin and silicones are combined in a non-alkali formula to provide superior grooming properties. Tangles brush out easily and coat dries to a high gloss. Long lasting fragrance gives the animal a fresh, clean smell.

ZONE CONTROL:

To effectively control fleas, you may be required to treat three insect zones where fleas can live. These zones are the pet, the home, and the yard. FLEA STOP® Concentrated Citrus Scent Shampoo treats the pet insect zone. For treatment of the home and yard, you can buy other FLEA STOP® zone control products. Ask your veterinarian for specific recommendations on how to best control fleas for the comfort and well being of your pet and family.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

WARNING

May cause eye injury. Do not get in eyes or on clothing. Wear safety glasses. Harmful if swallowed. Remove contaminated clothing and wash before reuse. Do not use on kittens under 4 weeks of age. While washing cats or kittens, avoid getting shampoo in animal's eyes.

STATEMENT OF PRACTICAL TREATMENT

IF SWALLOWED: Call a physician or Poison Control Center. Give a glass or two of water and induce vomiting by touching the back of the throat with finger, or, if available, by administration of Syrup of Ipecac. Never give anything by mouth or induce vomiting in an unconscious person.

IF IN EYES: Flush eyes with plenty of water. Get medical attention.
