PRECAUTIONARY STATEMENTS

Hazards to humans and domestic animals..

CAUTION: Harmful if swallowed or if absorbed through the skin. Harmful if inhaled. Avoid breathing vapors or spray mist. Avoid contact with skin, eyes, or clothing. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash clothing before reuse.

STATEMENT OF PRACTICAL TREATMENT

If swallowed - Call a physician or Poison Control Center. Do not induce vomiting unless under direct medical supervision due to aspiration hazards.
If in eyes - Flush eyes with plenty of water. Get medical attention if irritation persists.
If on skin - Wash with soap and water, remove contaminated clothing.

ENVIRONMENTAL HAZARDS

This product is toxic to fish, birds and wildlife. Do not apply directly to lakes, streams, or ponds. Do not contaminate water by cleaning or disposal of wastes.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Attach hose-end sprayer to hose. Remove cap from bottle and attach sprayer to bottle. Turn on water. To activate insecticide, place finger over hole on top of sprayer. Spray uniformly over lawn and other infested areas, especially in areas frequented by pets. Spray from about 3 feet above surface moving at a steady pace to insure consistent, thorough coverage.

To stop insecticide flow, simply remove finger from over siphoning hole. To store balance of unused insecticide, remove sprayer and replace cap. Store in a cool, safe place away from children and pets.

NOTE: For best results (although not necessary), area to be treated should be wet. Spraying yard first with just water or spraying yard spray after rain will increase activity of product. During hot weather, spraying in early evening, just before dark, will yield better results.

STORAGE AND DISPOSAL

DISPOSAL: Do not reuse container. Securely wrap original container in several layers of newspaper and discard in trash.
