statements

Net Weight: _____ oz. (____ g.)

EPA Registration Number: 4758-169

EPA Establishment Number: 11715-TN

PERMALOOL® PLUS INVERTED CARPET SPRAY:

- ◆ Kills adult and pre-adult fleas utilizing an Insect Growth Regulator (IGR) in conjunction with other ingredients to kill adult fleas and prevent pre-adult fleas from developing into biting adults.
- ◆ Reaches the hiding places of the flea: rugs, carpets, drapes, pet bedding, upholstery and furniture.
- ◆ Protects the household from a buildup of fleas and reinfestation by providing 210-day residual activity from a single treatment
- ◆ Also kills ticks, roaches, ants, lice, waterbugs, silverfish, crickets, spiders, centipedes and sowbugs.
- ◆ When applied in a normal sweeping motion, one aerosol can will cover 500 square feet.
- ◆ Home Protection

PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: May be harmful if absorbed through skin. Causes moderate eye irritation. Avoid contact with eyes, skin, or clothing. Wash thoroughly with soap and water after handling. Remove pets, birds and cover fish aquariums before spraying. In the home, food processing surfaces should be covered before treatment or thoroughly washed before use. Do not apply while food processing, preparation or serving is underway.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. **Do not allow children or pets to contact treated surfaces until spray has dried.**

INDOORS: Thoroughly vacuum all carpeting, upholstered furniture, drapes, along baseboards, under furniture and in closets. Seal vacuum bag and dispose of in outdoor trash. Spray **PERMALOOL® PLUS INVERTED CARPET SPRAY** from a distance of two to three feet from surface being treated. Apply with a smooth back-and-forth motion to carpets, drapes, rugs and upholstered furniture. Avoid wetting or saturating carpets or furniture. An evenly applied fine mist spray is sufficient. Do not spray wood furniture, floors or trim as water spotting may occur. Repeat treatment as necessary to eliminate fleas and ticks. Apply directly to exposed insects: roaches, ants, spiders, crickets, centipedes, waterbugs, silverfish and sowbugs.

PET BEDDING: Treat pet bedding and resting places. Apply a uniform spray to nearby cracks and crevices, along baseboards, window and door sills and localized areas where fleas, ticks or lice may be present as these are primary hiding places for these pests. Removal and replacement of pet bedding after treatment is not necessary.

In Case of Emergency or for product use information please call [901/362-1950 Monday—Friday 7:30 am to 4:30 pm CST.] [Distributors may elect to use their own phone numbers and hours of operation].
