U.S. ENVIRONMENTAL PROTECTION AGENCY
Office of Pesticide Programs
Registration Division (H7505C)
401 "M" St., S.W.
Washington, D.C. 20460

EPA Reg. Number: 4758-175
Date of Issuance: JUN 16 1997

Term of Issuance: Conditional

Name of Pesticide Product: Linalool Plus Carpet Powder

NOTICE OF PESTICIDE:
 x Registration
 Reregistration

(under FIFRA, as amended)

Name and Address of Registrant (include ZIP Code):

Pet Chemicals
P.O. Box 18993
Memphis, TN 38181

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.
2. Make the following label changes:
 - a. Revise the EPA Registration Number to read, "EPA Reg. No. 4758-175".
 - b. Change the precautionary statements, "Harmful if swallowed xxxsmoking.", to read "Causes moderate eye irritation. Avoid contact with eyes or clothing. Wash thoroughly with soap and water after handling and before eating or smoking.".
 - c. The Statements Of Practical Treatment for If Swallowed and If On Skin are not required and may be deleted.

Signature of Approving Official: 

Date: JUN 16 1997

Marion J. Johnson, Jr.

page 2
EPA Reg. No.

3. Submit two (2) copies of the revised final printed label for the record.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

Sincerely,

Marlon J. Johnson, Jr.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Harmful if swallowed. Avoid
breathing dust and contact with eyes, skin or
clothing. Wash hands after handling and before
eating or smoking. Do not contaminate feed, water
or foodstuffs. Do not apply to food processing
surfaces or use in food processing areas where food
is exposed. Cover fish aquariums before use. Keep
children and pets off treated carpet and upholstered
furniture during treatment and while powder is still
visible on their surfaces.

STATEMENT OF PRACTICAL TREATMENT

If swallowed: Call physician or Poison Control
Center immediately. Induce vomiting by giving
victim 1 or 2 glasses of water and touching back of
throat with finger. Never give anything by mouth
to an unconscious person.

If in Eyes: Flush eyes with plenty of water. Get
medical attention if irritation persists.

If on Skin: Wash with soap and water.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in
a manner inconsistent with its labeling.

Shake well before using. Apply to dry surfaces
only. Do not wet powder. Apply powder more
heavily to areas of flooring or furniture on which
pets spend most of their time.

Carpets: Shake powder evenly across surface.
Brush lightly with broom to force powder deep into
carpet where fleas and their larvae exist. Wait at

least 60 minutes before (lightly) vacuuming to
remove visible surface powder. For maximum
efficacy, delay vacuuming for up to 24 hours.

Upholstery: Remove loose cushions. Sprinkle
along creases and into corners. Brush lightly to
work powder into folds and creases. Vacuum to
remove visible powder on surfaces. Do not use on
exposed fabric without first testing on a hidden
surface for effects on color (staining) or texture. If
powder adheres to a spot, brush out and vacuum
that area immediately.

When emptying vacuum bag after use, wrap
contents or disposable bag in several layers of
newspaper and discard in trash.

Treat pets with a registered flea and tick control
product prior to re-entry.

STORAGE AND DISPOSAL

STORAGE: Store in a cool, dry area inaccessible
to children and pets.

DISPOSAL: Do not reuse empty container. Wrap
container and put in trash collection.

This container is sold by weight, not by volume.
You can be assured of proper weight even though
some settling of contents normally occurs during
transportation and handling.
