PERMETHRIN PLUS FOGGER contains Nylar, an insect growth regulator that inhibits the ability of the flea to reproduce thereby eliminating the flea population. Immature fleas are prevented from developing into adults and the life cycle of the flea is effectively broken. Permethrin Plus should be applied every 7 months to provide continuous protection against flea infestation.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

DO NOT use more than one fogger per room. DO NOT use in small, enclosed spaces such as closets, cabinets, or under counters or tables. Do not use in a room 5 ft. x 5 ft. or smaller; instead, allow fog to enter from other rooms. **Turn off ALL ignition sources such as pilot lights (shut off gas valves), other open flames or running electrical appliances that cycle off and on (i.e., refrigerators, thermostats, etc.).** Call your gas utility or management company if you need assistance with your pilot lights.

This product will kill fleas (adults and pre-adult), roaches, houseflies, black carpet beetles, ticks, ants, spiders, flying moths, mosquitoes, silverfish, saw-toothed grain beetle, rice beetles, pill bugs, crickets, confused flour beetles, wasps, hornets, and palmetto bugs. Cover or remove exposed foods, dishes and food handling equipment. All food processing surfaces should be covered immediately prior to treatment or thoroughly cleaned after treatment. Close doors and windows. Open cabinets and interior doors within the treatment area. Shut off fans and air conditioners. Remove pets. Cover or remove fish tanks and bowls.

Fogger should be placed on floor in the middle of the room. Place newspaper under the container to prevent marring surfaces. Use one container for each 6,000 cubic feet (approximately 30'x 20'x

10' room). To start fogging, press down the actuator tab to locked position. Keep at arm's length when activating. Point top of can away from face and eyes. Set in upright position and leave building at once. Leave undisturbed for 2 hours. Open doors and windows and allow to air for 1 hour.

Do not use in food areas of food handling establishments, restaurants, or other areas where food is commercially prepared or served. Do not use in serving areas while food is exposed.

STORAGE AND DISPOSAL

STORAGE: Store in a cool, dry area away from heat or open flame.

DISPOSAL: Do not puncture or incinerate! **If empty:** Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency or 1-800-CLEANUP for disposal instructions.

Contains no CFC's or other ozone-depleting substances. Federal regulations prohibit CFC propellants in aerosols.
