### DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Do not allow children or pets to contact treated surfaces until spray has dried.

**INDOORS:** Thoroughly vacuum all carpeting, upholstered furniture, drapes, along baseboards, under furniture and in closets. Seal vacuum bag and dispose of in outdoor trash. Spray **PERMETHRIN PLUS INVERTED CARPET SPRAY** from a distance of two to three feet from surface being treated. Apply with a smooth back-and-forth motion to carpets, drapes, rugs and upholstered furniture. Avoid wetting or saturating carpets or furniture. An evenly applied fine mist spray is sufficient. Do not spray wood furniture, floors or trim as water spotting may occur. Repeat treatment as necessary to eliminate fleas and ticks. Apply directly to exposed insects: roaches, ants, spiders, crickets, centipedes, waterbugs, silverfish and sowbugs.

**PET BEDDING:** Treat pet bedding and resting places. Apply a uniform spray to nearby cracks and crevices, along baseboards, window and door sills and localized areas where fleas, ticks or lice may be present as these are primary hiding places for these pests. Removal and replacement of pet bedding after treatment is not necessary.

### STORAGE AND DISPOSAL

**STORAGE:** Store in a cool, dry area out of the reach of children. Protect from freezing.

**DISPOSAL:** Do not puncture or incinerate!

**If empty:** Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency or 1-800-CLEANUP for disposal instructions.

Buyer assumes all risk associated with use, storage and handling of this product not in strict accordance with the directions given herewith.
