## PRECAUTIONARY STATEMENTS

### HAZARDS TO HUMANS AND DOMESTIC ANIMALS

**CAUTION:** Causes moderate eye irritation.  
Avoid contact with eyes or clothing. Wash  
thoroughly with soap and water after handling and  
before eating or smoking. Do not contaminate  
feed, water or foodstuffs. Do not apply to food  
processing surfaces or use in food processing areas  
where food is exposed. Cover fish aquariums  
before use. Keep children and pets off treated  
carpet and upholstered furniture during treatment  
and while powder is still visible on their surfaces.

## STATEMENT OF PRACTICAL TREATMENT

**If in Eyes:** Flush eyes with plenty of water. Get  
medical attention if irritation persists.

## DIRECTIONS FOR USE

It is a violation of Federal law to use this product in  
a manner inconsistent with its labeling.

Shake well before using. Apply to dry surfaces  
only. Do not wet powder. Apply powder more  
heavily to areas of flooring or furniture on which  
pets spend most of their time.

**Carpets:** Shake powder evenly across surface.  
Brush lightly with broom to force powder deep into  
carpet where fleas and their larvae exist. Wait at  
least 60 minutes before (lightly) vacuuming to  
remove visible surface powder. For maximum  
efficacy, delay vacuuming for up to 24 hours.

**Upholstery:** Remove loose cushions. Sprinkle  
along creases and into corners. Brush lightly to  
work powder into folds and creases. Vacuum to  
remove visible powder on surfaces. Do not use on  
exposed fabric without first testing on a hidden  
surface for effects on color (staining) or texture.  
If powder adheres to a spot, brush out and vacuum  
that area immediately.

When emptying vacuum bag after use, wrap  
contents or disposable bag in several layers of  
newspaper and discard in trash.

Treat pets with a registered flea and tick control  
product prior to re-entry.

## STORAGE AND DISPOSAL

**STORAGE:** Store in a cool, dry area inaccessible  
to children and pets.

**DISPOSAL:** Do not reuse empty container. Wrap  
container and put in trash collection.

This container is sold by weight, not by volume.  
You can be assured of proper weight even though  
some settling of contents normally occurs during  
transportation and handling.
