Subject: Label Notifications for Pesticide Registration Notice 2007-4

Dear Ms. Tackema,

The Agency is in receipt of your Applications for Pesticide Notification under Pesticide Registration Notice (PRN) 2007-4 dated May 2, 2008 (and corrected labels sent June 11, 2008) for the following products:

**Fyfanon® Technical**  
**Fyfanon® ULV Mosquito**  
**Fyfanon® ULV AG**

**(EPA Registration Number 4787-5)**  
**(EPA Registration Number 67760-34)**  
**(EPA Registration Number 67760-35)**

The Registration Division (RD) has conducted its review of these requests for their applicability under PRN 2007-4 and finds that the label changes requested fall within the scope of PRN 2007-4. The labels submitted with the applications have been stamped "Notification" and will be placed in our records, along with this letter.

With regard to the product label for Fyfanon® ULV AG (EPA Registration Number 67760-35), please note that there is a typographical error at the top of page 3 on your draft label. The last sentence of the "Refillable Containers" instructions in the "Container Disposal" section should read "Repeat this rinsing procedure two more times." Please make this correction before printing and distributing the final label.

Please be reminded that 40 CFR Part 156.140(a)(4) requires that a batch code, lot number, or other code identifying the batch of the pesticide distributed and sold be placed on nonrefillable containers. The code may appear either on the label (and can be added by non-notification/PR Notice 98-10) or durably marked on the container itself.

If you have any questions, please call me directly at 703-305-6249 or Steve Schaible of my staff at 703-308-9362.

Sincerely,

Linda Arrington
