Attn: Brenda H. Pinkleton,  
 Regulatory Affairs Manager

Subject: Additive F  
 EPA Registration No. 4808-4  
 Your Labeling Submission of January 24, 1994

This is in response to your submission involving an updated product labels. Your updated labels have been reviewed and the following comments apply.

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is acceptable subject to the comments listed below. A stamped copy is enclosed for your records.

1. At the next printing of your product label make the following changes and submit five draft copies of the revised label to EPA for review.

a. Revise first part of the Precautionary Statement to read: "CORROSIVE. Causes eye damage and skin irritation. Avoid contact with eyes or skin. Harmful ...".

b. Revise the heading "FIRST AID" to read: "STATEMENT OF PRACTICAL TREATMENT (FIRST AID)".

c. Change the "If Swallowed" instructions in the First Aid section to read: "If swallowed, promptly drink large quantities of water. Do not induce vomiting. Get prompt medical attention."

## PRECAUTIONARY STATEMENTS

### HAZARD TO HUMANS AND DOMESTIC ANIMALS.

**CORROSIVE.** Causes eye damage and skin irritation. Avoid all contact of concentrate with eyes or skin. Harmful if swallowed. Wear goggles or face shield and impervious gloves when handling. Remove and wash contaminated clothing before reuse. Avoid contamination of food.

### FIRST AID

In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes, call a physician. Remove and wash contaminated clothing before reuse. If swallowed, do not induce vomiting. Dilute by drinking water or milk. Immediately contact physician and obtain treatment.

### ENVIRONMENTAL HAZARD

Do not contaminate water by cleaning of equipment, or disposal of wastes. Keep out of lakes, ponds, or streams.

### STORAGE AND DISPOSAL

**Metal containers-** triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities.

**Plastic containers-** triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or incineration, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.

Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or rinseate is a violation of federal law. If these wastes cannot be disposed of by use according to label instructions, contact your state pesticide or environmental control agency, or the hazardous waste representative at the nearest EPA Regional Office for guidance.

### USE ONLY AS RECOMMENDED

Do not utilize this product without first referring to the Milacron Product Information Folder and the MSDS for the product.

### DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Additive F is recommended for use in water-based metalworking fluid mixes.

Add 1 gallon of Additive F to 1000 gallons of metalworking fluid mix. For continued control, same dosage additions may be made on a weekly basis.

1. To control mold growth.
2. To eliminate musty odors.

If frozen, product separates. Thaw completely at room temperature and stir thoroughly.
