EPA Reg. No. 4816-362 EPA Est. No.

A Pyrenone® Total Release Insecticide

For use in Homes, Restaurants, Food Processing Plants, Kitchens, Dairies, Closed Barns, Warehouses, Box Cars and Trucks

Kills exposed or accessible stages of:

- | | |
|--------------------|------------|
| Ants | Fleas |
| Cockroaches | Gnats |
| Crickets | Mosquitoes |
| Flies | Silverfish |
| Fruit flies | Spiders |
| Small Flying Moths | Wasps |

One aerosol can treats up to 5,000 cubic feet (a 10' X 12' room with 8' ceilings).

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

How to Use: Open any cabinet doors and drawers to allow maximum kill in all areas where insects can hide and breed. Close doors and windows and shut off fans and air conditioners to maximize killing power of fog. Remove pets and tightly cover or remove fish bowls and aquariums. Cover exposed foods, dishes or food handling equipment. All food processing surfaces should be covered during treatment or thoroughly cleaned before using. Extinguish all flames and pilot lights before use.

Directions: SHAKE WELL JUST BEFORE USING. Place can on level raised surface such as stand or table, with protective covering underneath to prevent possible marring of surface. With can at arm's length, direct spray away from face. Depress tab until it clicks in locked position. Exit immediately. Keep area closed for 10 minutes. Do not remain in treated area and ventilate before reoccupying.

DISPOSAL

Wrap empty container and put in trash collection. Do not incinerate. Do not reuse.

PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS & DOMESTIC ANIMALS

CAUTION: Use in food processing plants should be confined to time periods when the plant is not in operation. Foods should be removed or covered during treatment. All food processing surfaces should be covered during treatment or thoroughly cleaned before using.

PHYSICAL HAZARDS

FLAMMABLE! Contents under pressure. Keep away from heat, sparks and open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.

Buyer assumes all risks of use, storage or handling of this material not in strict accordance with directions given herewith.
