Keep Out Of Reach Of Children

CAUTION

Avoid inhalation of mist.

See rear panel for additional precautions.

EPA Reg. No. 4816-455

EPA Est. No. 279-NY-1

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS & DOMESTIC ANIMALS

CAUTION

Avoid inhalation of mist. Avoid contamination of feed, foodstuffs or utensils. Wash hands after use.

PHYSICAL OR CHEMICAL HAZARDS

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

STORAGE AND DISPOSAL

Do not incinerate.

Wrap container and put in trash collection.

To control fleas and lice on cats: Holding can upright, spray cat with short bursts from a distance of 10 to 12 inches. Starting at the tail, stroke against the lay of the hair, spraying the parted fur directly behind the hand to insure penetration of the coat. Dampen the fur up to the head. Spraying 20 to 30 seconds is usually sufficient for an adult cat. Repeat application when reinfestation occurs.

Do not treat or cause exposure of kittens under four weeks of age.

For best results in controlling tick infestations, locate ticks and spray directly on them.

To control infestations in sleeping quarters, after treating animals, spray bedding, walls and flooring with particular attention to cracks and crevices.

ACCEPTED

APR 18 1979

Under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, for the pesticide registered under EPA Reg. No. 4816-455

Buyer assumes all risks of use, storage or handling of this material not in strict accordance with directions given herewith.
