**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

This insecticide may be used outdoors or in greenhouses throughout the entire growing season or as a preharvest treatment when other insecticides are prohibited due to residue restrictions and use limitations.

To control insects named on the plants listed below, apply concentrate at a rate of 12 to 36 fluid ounces per acre, in sufficient water for thorough coverage (normally 100 gallons per acre). For smaller gardens, use 0.6 to 1.5 fluid ounces of concentrate in 5 gallons of water or 1
