NOTE TO PHYSICIAN: Contains petroleum distillate. If gastric lavage is deemed necessary, undertake only after proper placement of a cuffed endotracheal tube. Active ingredient contains a cholinesterase inhibitor. Treat symptomatically. Atropine is an antidote. The Federal Insecticide, Fungicide, and Rodenticide Act, registered under 4816-466.

USE PRECAUTIONS: Do not allow pets to contact treated surfaces until spray has dried.

Do not spray air in rooms or use on plants. Apply as a surface spray only as specified on this label.

Do not allow spray to contact food, feedstuffs or water supplies. Thoroughly wash dishes and food handling utensils if contaminated with this product.

This product is toxic to fish. Do not contaminate water by cleaning of equipment or disposal of wastes. Do not reuse empty container. Destroy when empty and discard in a safe place.

DIRECTIONS FOR FOOD HANDLING ESTABLISHMENTS (Places other than private residences in which exposed food is held, processed, prepared or served).

FOOD AREAS-APPLICATION LIMITED TO CRACK AND CREVICE TREATMENT ONLY
 Includes areas for receiving, storage, packing (canning, bottling, wrapping, boxing) preparing, edible waste storage and enclosed processing systems (mills, dairies, edible oils, syrups) and serving areas (when food is exposed and facility is in operation).

To control roaches, ants, earwigs, waterbugs, silverfish, spiders and crickets apply in small amounts directly into cracks and crevices using equipment capable of delivering a pin stream of insecticide, in points between different elements of construction, between equipment and floors, openings leading to voids and hollow spaces in walls, equipment legs and bases, in conduits, motor housings, junction or switch boxes. Prior to application de-energize electrical equipment. After application allow time for oil to evaporate before starting motors or placing switches in "ON" position. Care should be taken to avoid depositing the product onto exposed surfaces or introducing the material into the air. Avoid contamination of food or food processing surfaces.

APPLICATIONS OF THIS PRODUCT IN THE FOOD AREAS OF FOOD HANDLING ESTABLISHMENTS OTHER THAN AS A CRACK AND CREVICE TREATMENT ARE NOT PERMITTED.

SERVING AREAS - Facilities where foods are served such as dining rooms, but excluding areas where foods may be prepared or held, apply as a spot treatment to selective surfaces, such as baseboards, under elements of construction and into cracks and crevices. Avoid treating surfaces likely to be contacted by food. (Do not apply when facility is in operation or foods are exposed.)

DIRECTIONS FOR HOUSEHOLD AND OUTDOOR USE IN NON-FOOD AREAS - Including garbage rooms, lavatories, floor drains (to sewers) entries and vestibules, offices, locker rooms, machine rooms, boiler rooms, garages, mop closets and storage (after canning or bottling). Apply to baseboard areas, around water pipes, surfaces behind and beneath sinks, lockers, tables, pallets and similar areas where insects hide or through which they may enter. Repeat treatment as required.

Brown Dog Ticks - Apply thoroughly as a spot treatment to infested areas such as pet beds and resting quarters, nearby cracks and crevices, along and behind baseboards, window and door frames and localized areas of floor and floor covering where these pests may be present. Fresh bedding should be placed in animal quarters following treatment. Do not spray pets with this product.

Flies and Mosquitoes - Use only on outdoor surfaces. Spray outside surfaces of windows and door frames and other areas where these pests may enter the home. Also spray dark corners and localized resting areas, such as under eaves, porches, partitions, and in garages where these insects may congregate. Flies and mosquitoes coming to rest on treated surfaces will be killed. Repeat treatment when effectiveness diminishes.

Terms of sale or use On purchase or use of this product buyer and user agree to the following conditions:

Warranty FAC warrants that this product, as of the time of sale by FAC, (1) conforms to the ingredient statement on the label, and (2) is reasonably fit for the purposes set forth in the Directions for Use. Except as so warranted the product is sold as is. FAC makes no other warranty express or implied.
