KEEP OUT OF REACH OF CHILDREN

CAUTION

See side panel for additional precautions.

## DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

SHAKE BEFORE USE. Point valve away from face and press button. Hold can at least 3 feet from surfaces which may stain and 18 inches from plants.

## FOR CONTROL OF PESTS AROUND THE HOME

flying insects (Flies, Mosquitoes, Gnats and Moths): Direct spray at insects using short bursts (1-2 seconds) of treat unoccupied areas as follows: Close doors and windows. With a sweeping motion, direct spray upward to all parts of the room (8 to 10 seconds upward to all parts of the room (8 to 10 seconds per 1000 cubic feet). Keep room closed for 15 minutes and ventilate before reoccupying. Do not remain in treated areas.

CRAWLING PESTS (Ants, Boxelder Bugs, Crickets, Earwigs and Sowbugs): Spray into cracks or woodwork, walls, floors and other hiding and breeding places. Direct spray to contact pests when possible. Spray ant trails and areas around door

sills and window frames.

**WASPS and HORNETS:** Direct spray at these insects using short bursts. Spray thoroughly into nests, hiding and breeding places when insects have settled at night.

#### FOR CONTROL OF PESTS ON ORNAMENTAL PLANTS

For control of Aphids, Two-spotted spider mites and Adult Whiteflies on ornamental house and greenhouse plants (African Violets, Aralias, Christmas Cherries, Chrysanthemums, Cinerarias, Diffenbachias, Fischias, Gloxinias, Ivy, Lantanas, Neanthe Bella Palms, Petunias, Roses and Snapdragons); and on outdoor plants (Azaleas, Chrysanthemum's Euonymus, Ivy, Marigolds, Petunias, Roses, Snapdragons and Zinnias). Spray plants with a slow sweeping motion so that mist drifts into plants.

Direct spray so that upper and lower leaf surfaces are contacted. Use caution on new growth and tender foliage. Repeat as necessary. When using outdoors, spray when air is still.

For control of these pests as well as tent caterpillars, canker worms, and garden webworms on ornamental crabapples, cherries and plum trees, spray as above. Do not spray bearing fruit trees.

#### PRECAUTIONARY STATEMENTS

##### HAZARDS TO HUMANS & DOMESTIC ANIMALS

##### CAUTION

Avoid breathing of vapor and skin contact. Avoid contact with eyes. In case of contact, flush with water.

Foods should be removed or covered during treatment. All food processing surfaces should be covered during treatment or thoroughly cleaned before reuse. When using the product in these areas, apply only when the facility is not in operation.

Cover or remove fishbowls for one hour. Do not use on or around animals.

Do not smoke while spraying.

Do not spray bearing fruit trees.

#### STORAGE AND DISPOSAL

Store in a cool, dry area. Do not transport or store below 32°F.

Wrap container in several layers of newspaper and dispose of in trash. Do not incinerate or puncture.

#### STATEMENT OF PRACTICAL TREATMENT

**IF INHALED:** Remove affected person to fresh air. Apply artificial respiration if indicated.

**IF IN EYES OR ON SKIN:** Flush affected parts with water.

**BEST AVAILABLE COPY**

**Contact a physician if irritation persists.**

## ENVIRONMENTAL HAZARDS

This product is extremely toxic to fish. Do not apply directly to water or wetlands (swamps, bogs, marshes, potholes). Runoff and drift from treated areas may be hazardous to aquatic organisms in adjacent sites. Do not contaminate water when disposing of equipment washwaters.

### PHYSICAL OR CHEMICAL HAZARDS

WARNING: Contents under pressure. Do not puncture. Do not use or store near heat or open flame. Exposure to temperatures above 130° may cause bursting. Never throw container into fire or incinerator.

Buyer assumes all risks of use, storage or handling of this product not in strict accordance with the directions given herewith.
