DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

SEE CONTENTS

FOR CONTROL OF COCKROACHES, CRICKETS, SILVERFISH, FIREBRATS AND CENTIPEDES

Using conventional dusting equipment, apply this product at 2 ounces per 100 square feet to all indoor areas where these pests may crawl or hide. Apply in cracks and crevices and hidden surfaces around, under and behind baseboards, cabinets, refrigerators, stoves, sinks, doors, pipes, windows, electrical fittings, electrical equipment and other possible harborages. Repeat application as required.

ON VEGETABLE AND ORNAMENTAL PLANTS

Pyrenone Flexi-Dust may be used throughout the growing season; or as a preharvest treatment. Acceptable for use up to the day of harvest on edible plants when other insecticides are prohibited due to residue restrictions and use limitations. Apply dust uniformly to upper and lower leaf surfaces at the rate of 30 pounds of dust per acre. Treat only when the insects are present and repeat as required to maintain control.
