Ms. P. Leanne Pruett
Fairfield American Corporation
809 Harrison Street
Frenchtown, NJ 08825

Dear Ms. Pruett:

Subject: Allethrin Registration Standard
Flea and Tick Killer for Dogs and Cats
EPA Reg. No. 4816-386
Alleviate Equine Insecticide E.C.
EPA Reg. No. 4816-572
Alleviate Stabilene Horse Insecticide
EPA Reg. No. 4816-587
✓ Submissions dated October 25, 1990 and November 12,
1990

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is acceptable. A stamped copy is enclosed for your records.

Before future labels are prepared for Reg. No. 4816-386, you must verify the identity of the petroleum distillate in your product, or delete the statement, "Petroleum distillate may cause aspiration pneumonia" in your Statement of Practical Treatment.

For Reg. No. 4816-572 and Reg. No. 4816-587, we are still anticipating product chemistry data matrices as previously requested in the Agency's letters dated June 11, 1990 for each product.

Sincerely,

Richard F. Mountfort
Product Manager (10)
Insecticide-Rodenticide Branch
Registration Division (H7505C)

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with this labeling.

This product has been especially developed for use on horses. It provides a protective hair coating against *Flies* while imparting a high sheen to the hair when brushed out. 1-2 ounces per head per day gives adequate protection. Apply by either soft cloth or fine mist spray.

USE AS A WIPE:

First, brush animal to remove excess dirt and dust. Moisten (but do not wet to the point of dripping) a soft cloth and rub over the hair. It is best to apply by rubbing against the hair growth. Give special attention to the legs, shoulders, shanks, neck and facial areas where *Flies* most often are seen.

Only a light application is required. Avoid using an excessive amount on your horses. Do not wet skin.

After application, brush out thoroughly to bring out bright sheen on the coat.

Repeat daily or as required.

USE AS A SPRAY:

This product may be applied as a fine mist spray to stable area and over and around stabled horses for fast paralysis and kill of *Flies*. Do not wet horse's skin or feed. Use 1-2 ounces per application.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

PESTICIDE STORAGE AND PROCEDURES: Store upright at room temperature. Avoid exposure to extreme temperature. In case of spill or leakage, soak up with an absorbent material such as sand, sawdust, earth, fuller's earth, etc. Dispose of with chemical waste.
