

# Pyrenone<sup>®</sup> MOSQUITO CAPSULES

DEC 28 1982

EPA Reg. No. 4976-01 EPA Inv. No.  
**TOSS THEM INTO THE WATER  
TO KILL MOSQUITO LARVAE**

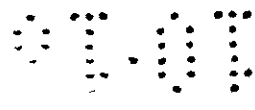

**ACTIVE INGREDIENTS:**  
Pyrethrins..... 1.0%  
\*piperonyl butoxide, Technical..... 19.0%  
Petroleum Distillate..... 75.0%  
**INERT INGREDIENTS:**..... 10.0%  
100%  
\*Equivalent to 5.0% (butylcarbityl) (p-ppropyl piperonyl) ether and 2.0% related compounds.

**KEEP OUT OF REACH OF CHILDREN.  
CAUTION**  
Harmful if swallowed.  
See side panel for additional precautionary statements.

PYRENONE - Registered trademark of Fairfield American Corporation

## DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

NET CONTENTS \_\_\_\_\_

Areas of use include such mosquito breeding habitats as stagnant ponds and water-filled ditches, catch basins, artificial containers, lake shore lines, lawns, lawns, quarries, and rain barrels.

Pyrenone Mosquito Capsules are so designed that they will rapidly dissolve or disintegrate when they are placed or thrown in water. Once action starts the especially formulated solution can be seen "sheeting" across the surface of the water in all directions. This surface action will continue until the water surface is completely covered. In small ponds, artificial containers, etc., only a few capsules are required to effectively control.

If the water is cool (50° or lower), the initial sheeting of the solution will remain from 5 to 60 minutes. Each capsule should larvicide 100 square feet of surface and well-structured water surface with about a 6-inch depth. Proportionately more capsules should be used for larger areas and greater depth. Fluorene has been made for capsules remaining at their, a portion of the solution. In many cases, this is advantageous since it provides for additional "continuing action".

## STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.  
**PESTICIDE STORAGE:**  
KEEP CAPSULES DRY in storage. Do not store under excessive conditions of heat or humidity or in direct sunlight.  
**PESTICIDE DISPOSAL:**  
Do not use that cannot be used according to the label directions for the purpose of use. Dispose of contents in accordance with applicable Federal, State or local procedures.  
**CONTAINER DISPOSAL:**  
Do not reuse empty container. Wrap container and put in trash collection.

## PRECAUTIONARY STATEMENTS

HAZARD TO HUMANS & DOMESTIC ANIMALS

### CAUTION

Irritant if swallowed. May produce irritation of the eyes and skin. Wash thoroughly after handling. Avoid contamination of food and food containers.

### STATEMENT OF PRACTICAL TREATMENT

- If Swallowed: Do not induce vomiting unless directed by a physician. Contact a physician or poison control center immediately. This product contains petroleum distillate. Aspiration pneumonia is a hazard.
- If in Eyes: Flush eyes with plenty of water. Contact a physician if irritation persists.
- If on Skin: Remove contaminated clothing and wash affected areas with soap and water.

### ENVIRONMENTAL HAZARDS

This pesticide is toxic to fish, shrimp, crabs and other aquatic organisms. Do not apply directly to lakes and streams. May be used in mosquito breeding areas such as marshy areas, pools and ponds where fish, shrimp, crabs and other desirable aquatic animals will not be harmed.

### PHYSICAL OR CHEMICAL HAZARDS

Do not use or store near heat or open flame.

Some persons may be allergic to this material. Use in strict accordance with directions given hereon.

Gentlemen:

Subject: Pyrethre Mosquito Capsules  
EPA Registration No. 4816-630

The amendment referred to above, submitted in connection with registration under FIFRA sec. 3(c)(7)(A), is acceptable provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data.
2. Submit five (5) copies of your final printed labeling before you release the product for shipment.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

Sincerely yours,

  
Franklin D. R. Gee  
Product Manager (17)
