Montvale, NJ 07645

Dear Ms. Lawes:

Subject: Deletion of Humans Use Site from Labeling  
Pyrenone Lice Spray  
EPA Registration No. 4816-635  
Your Application Dated May 16, 1994

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is acceptable, provided that you make the following labeling changes listed below before you release the product for shipment:

- 1. Replace the statement beginning "Provides rapid control of body lice . . ." with the following:

Provides rapid control of lice (body lice, head lice, crabs, nits) and chiggers on personal articles and other inanimate surfaces. Not for Human Use.

- 2. Following the "Do not use in food areas..." paragraph add:

Nonfood areas include garbage rooms, lavatories, floor drains (to sewers), entries and vestibules, offices, locker rooms, machine rooms, boiler rooms, garages, mop closets, and storage (after canning or bottling).

- 3. Revise Hazards to Humans and Domestic Animals as follows:

Harmful if inhaled or absorbed through skin. Avoid breathing spray mist. Avoid contact with skin, eyes and clothing. Wash thoroughly with soap and water after handling. Use with adequate ventilation.

Do not apply this product in any rooms while occupied by patients, the elderly or infirm.

Do not apply to children when in use.

## **STORAGE AND DISPOSAL**

Store in a cool dry area. Do not incinerate or puncture. Do not transport or store below 32°F. Wrap container in several layers of newspaper and dispose of in trash.

## **SHAKE WELL BEFORE USING AND AT INTERVALS DURING PROLONGED USE**

Do not use in food areas of food handling establishments, restaurants or other areas where food is commercially prepared or processed. Do not use in serving areas while food is exposed or facility is in operation. Serving areas are areas where prepared foods are served such as dining rooms but excluding areas where food may be prepared or held.

In the home, cover all food handling surfaces and cover or remove all food and cooking utensils or wash thoroughly after treatment. Exposed food should be covered or removed.

### **For Use on Inanimate Surfaces**

Including garments, bedding, mattresses, furniture, floor and carpeting. Hold can upright with nozzle away from you. Press button and spray surface to be treated from a distance of 10 inches. First treat an inconspicuous area to test for possible staining or discoloration, inspect after drying, then proceed to spray the entire area to be treated. Treat each square foot for 3 seconds, directing the spray to moisten all infested surfaces.

In treating bedding, make sure the spray is directed into all corners of fitted sheets and blankets as well as the inside and outside of pillow cases. In treating garments and headgear, (including sports gear that may be passed from player to player) close attention should be given to seams, hems, cuffs, collars, and creases. After treatment, bedding and all garments must be either laundered in hot water or dry cleaned.

For mattresses, furniture and carpeting: direct spray to moisten all folds, tucks, seams and crevices of infested areas. Allow the treated surface to dry completely before use.

Buyer assumes all responsibility for safety and use not in accordance with directions.
