Uniter the Federal Insecticide, Functionale, and Rodenhoide Ac as amended for the pesticide tourstered under EPA Res No. 1181, 1973

CODE 82308

DIRECTIONS FOR HEE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

To operate hold can upright, direct orifice toward the surface to be treated and press the actuator button. Do not use as a space spray

SHAKE WELL BEFORE USING.

To kill Ants, Carpet Beetles, Centipedes, Cockroaches, Crickets, Earwigs, Firebrats, Pilibugs, Silverlish and Spiders; thoroughly apply as a spot treatment to areas where these pests are found or may hide, including dark corners of rooms and closets, cracks and crevices, under carpets, along baseboards and door sills and frames; behind and beneath sinks, stoves, refrigerators, and cabinets and around garbage cans, plumbing and other utility installations. Pests driven out of hiding places should be sprayed directly. Spray ant trails, nests and points of entry.

To kill *Fleas* and *Brown Dog Ticks*, Indoors: Clean premises thoroughly before treatment. Spray an inconspicuous area of furniture, carpet or flooring to check for possible staining or discoloration. Spray the entire floor and carpet area. Special attention should be given to cracks, crevices and under carpet and rug edges. Also treat animal sleeping quarters, closets, upholstered furniture (with particular attention to seams), under sofas and other furniture. In animal sleeping quarters, bedding stould be cleaned or replaced with fresh bedding. Do not use in nurseries or any area where infants may sleep. DO NOT TREAT ANIMALS WITH THIS FORMULATION. To avoid reinfestation, pets must be treated simultaneously with an E.P.A. approved insecticide labeled for use on animals. Application should be repeated as necessary. Humans and pets should avoid contact with treated surfaces (rugs, upholstered furniture, etc) until they are dry.

To control: *Files, Gnats, Hornets, Mosquitoes, Small Flying Moths, Wasps* and *Yellow Jackets*; use only on outdoor surfaces. Spray outside surfaces of window and door frames and other areas where these pests may enter the home. Also spray dark corners and localized resting areas, such as under eaves, porches, partitions and in garages where these insects may congregate. *Files* and *Mosquitoes* coming to rest on treated surfaces will be killed. Repeat treatment when effectiveness diminishes

APPLICATION OF THIS PRODUCT IN THE FOOD AREAS OF FOOD HANDLING ESTABLISHMENTS OTHER THAN AS A SPOT AND/OR CRACK AND CREVICE TREATMENT IS NOT PERMITTED.

Application within food handling establishments (Places other than private recidences in which exposed food is held, processed, prepared or served) including, but not limited to, areas for receiving, storage, packing (canning, bottling, wrapping, boxing), preparing foods, edible waste storage and enclosed processing systems (mills, dairies, edible oils, syrups) and serving areas (when food is exposed and facility is in operation). Use as a crark and crevice treatment in and around both food and non-food areas to control ants, cockroaches, crickets, silverfish, spiders and waterbugs.

SEE REVENSE

CODE 82308

Apply in small amounts threatly into cracks and crevices, in points between different elements of construction, between equipment and floor, openings 'eading to voids and hollow spaces in walls, equipment legs and bases. Do not use this product in conduits, motor housings, junction or switch boxes because of possible shock hazard. If there is a need to treat such areas, use only oil-base sprays.
