EPA Est. No.

## **KEEP OUT OF REACH OF CHILDREN**

### **CAUTION** **FIRST AID**

**If Swallowed:** Contact a physician or Poison Control Center immediately. Drink 1 or 2 glasses of water and induce vomiting by touching back of throat with finger. Repeat until vomit fluid is clear. Do not induce vomiting or give anything by mouth to an unconscious or convulsing person.

**If Inhaled:** Remove victim to fresh air. If not breathing, give artificial respiration, preferably mouth-to-mouth. Get medical attention.

**If On Skin:** Wash with plenty of soap and water. Get medical attention.

**If In Eyes:** Flush eyes with plenty of water. Call a physician if irritation persists.

**Note To Physician:** This product is an organophosphate insecticide. If symptoms of cholinesterase inhibition are present, atropine sulfate by injection is antidotal. 2-PAM is also antidotal and may be administered but only in conjunction with atropine.

See Side Panel for Additional Precautions

## **PRECAUTIONARY STATEMENTS** **Hazards To Humans & Domestic Animals** **Caution**

Harmful if swallowed, inhaled or absorbed through skin. Avoid breathing spray mist. Avoid skin and eye contact. Wash thoroughly after handling and before eating or smoking. Do not allow children or pets to contact treated surfaces until spray has dried. Do not allow spray to contact food, feedstuffs or water supplies. Thoroughly wash dishes and food handling utensils contaminated with this product. Remove pets and cover fish aquariums before spraying.

## **Environmental Hazards**

This pesticide is highly toxic to birds, fish and other wildlife. Birds, especially waterfowl, feeding or drinking on treated areas may be killed. Keep out of lakes, streams, ponds, tidal marshes and estuaries. Do not contaminate water by disposal. Apply this product only as specified on this label.

This pesticide is highly toxic to bees exposed to direct treatment or to residues on blooming plants where they feed. Do not allow this pesticide to drift to blooming plants if bees are visiting the treatment area. Do not apply this product or allow it to drift to food crops or any desirable vegetation at any time.

## **Physical Hazards**

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.

## **DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Shake Well Before Use.

To operate, hold can upright, direct nozzle toward the surface to be treated and press the button.

## **INDOOR USE**

**Precautions:** Do not use this product indoors as an overall surface spray or as a space spray; take care not to introduce the product into the air during application. Use only in well-ventilated areas. Do not apply where children are likely to frequently contact treated surfaces. Remove or cover fish bowls or aquariums and remove pets before application. Do not spray plants, pets or humans with this product. Do not allow children or pets in treated areas until spray has dried. Do not apply this product in patient rooms or any rooms occupied by the elderly or infirm. Do not apply when classrooms are in use. In

**ACCEPTED**  
 SEP - 9 1998  
 Under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, for the pesticide registered under EPA Reg. No. 4816-650

buildings, museums, libraries and sports facilities), do not apply when occupants are present in the immediate area. Do not apply directly to conduits, motor housings or electrical switch boxes due to the possibility of shock hazard. Do not apply to areas, surfaces or utensils which will contact food or feed. Exposed food should be covered or removed during application. All food processing surfaces and utensils should be covered during treatment or thoroughly washed with soap and water before use. Do not spray inside cabinets where food is stored. Do not use in serving areas while food is exposed or facility is in operation. If clothing becomes wet during spraying, remove clothing immediately after spraying, wash affected areas with soap and water and launder clothes before wearing again.

## FOOD AND FEED HANDLING ESTABLISHMENTS

Places other than private residences in which food and feed is held, processed, prepared or served (including restaurants, cafeterias, canneries, bakeries, food processing plants, mills, dairies and meat and poultry plants). This product may be used in the food/feed areas and the non-food/non-feed areas of these establishments. Apply this product as a limited spot or crack and crevice treatment as directed below to control *ants, cockroaches, crickets, silverfish, spiders and waterbugs*.

### Food/Feed Areas of Food/Feed Handling Establishments

Includes areas for receiving, serving, storage (dry, cold, frozen or raw), packaging (canning, bottling, wrapping and boxing), preparing (cleaning, slicing, cooking, and grinding) and enclosed processing systems (mills, dairies and systems for processing edible oils and syrups).

APPLICATION OF THIS PRODUCT IN THE FOOD/FEED AREAS OF FOOD HANDLING ESTABLISHMENTS OTHER THAN AS A CRACK AND CREVICE OR LIMITED SPOT TREATMENT IS NOT PERMITTED.

### Crack and Crevice Treatment

Apply spray in small amounts directly into cracks and crevices using an injection or insertion tube in points between different elements of construction, expansion joints, spaces between equipment and floor, openings leading to voids and hollow spaces in walls, equipment legs and bases.

### Limited Spot Treatment

Spray around water pipes and door frames, surfaces beneath cabinets, refrigerators, sinks, stoves, storage areas and similar floor areas. Limit spot treatments to floor surfaces where the insect pests listed above

have been seen or where they are suspected of hiding. Limit the sum of individual spot treatments to an area no larger than 20% of the floor surface area. Any individual spot treatment must not exceed 2 square feet.

### Non-Food/Non-Feed Areas of Food/Feed Handling Establishments

Includes garbage rooms, lavatories, entries and vestibules, offices, locker rooms, machine rooms, boiler rooms, mop closets and storage areas (after canning or bottling).

### Spot Treatment

Spray as a spot treatment along baseboards, to areas around water pipes, to surfaces behind and beneath cabinets, sinks, lockers and pallets and to storage areas where the insect pests listed above hide.

**Households, Apartments, Garages, Warehouses and Non-Food Areas of Motels, Hotels and Institutions** (See "Food and Feed Handling Establishments" for special directions when applying this product in food handling or serving areas in non-residential buildings): To kill *ants, carpet beetles, centipedes, cockroaches, crickets, earwigs, firebrats, pillbugs, silverfish and spiders*:

Thoroughly apply as a spot treatment to areas where these pests are found or may hide, including corners of rooms and closets, cracks and crevices; under carpets, along baseboards and door sills and frames; behind and beneath sinks, stoves, refrigerators and cabinets and around garbage cans and plumbing installations. Pests driven out of hiding places should be sprayed directly. Spray ant trails and points of entry.

To kill *brown dog ticks*: Apply thoroughly as a spot treatment to infested areas such as pet beds and resting quarters and nearby cracks and crevices; along and behind baseboards, windows and door frames; and localized areas of floor and floor covering where these pests may be present. Fresh bedding should be placed in animal quarters following treatment. Do not spray pets with this product.

### OUTDOOR USE

**Precautions:** Do not use this product outdoors other than to spray the outside surface of structures. Do not spray lawns or other desirable vegetation. Spray with the wind to your back. If clothing becomes wet from spray during use, remove clothing after spraying, wash affected body areas thoroughly with soap and water and launder clothing before wearing again. Do not allow children or pets to contact treated areas until spray has dried.

To control **house flies, gnats, hornets, mosquitoes, small flying moths, wasps and yellow jackets**: Use only on outdoor surfaces. Spray outside surfaces of window and door frames and other areas where these pests may enter the home. Also spray dark corners and localized resting areas, such as under eaves, porches, partitions and in garages where these insects may congregate. **Flies and Mosquitoes** coming to rest on treated surfaces will be killed. Repeat treatment when effectiveness diminishes.

#### STORAGE & DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

**Storage:** Store in a cool, dry area inaccessible to children and pets. Do not transport or store below 32°F. Exposure to temperatures above 130°F may cause bursting.

**Pesticide and Container Disposal:** This container may be recycled in aerosol recycling centers. At present, there are only a few such centers in the country. Before offering for recycling, empty the can by using the product according to the label (DO NOT PUNCTURE!). If recycling is not available, wrap the container in several layers of newspaper and discard in trash.

NOTICE: Buyer assumes all responsibility for safety and use not in accordance with directions.
