DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

To operate, hold can upright, direct orifice toward the surface to be treated and press the actuator button. Do not use as a space spray. Do not spray near heat or open flame.

To kill crawling insects such as, but not limited to, ANTS, CARPET BEETLES, CENTIPEDES, COCKROACHES, CRICKETS, EARWIGS, FIREBRATS, PILLBUGS, SILVERFISH AND SPIDERS, thoroughly apply as a spot treatment to areas where these pests are found or may hide, including dark corners of rooms and closets, cracks and crevices, under carpets, along baseboards and door sills and frames; behind and beneath sinks, stoves, refrigerators, and cabinets and around garbage cans, plumbing and other utility installations. Pests driven out of hiding places should be sprayed directly. Spray ant trails, nests and points of entry.

To kill BROWN DOG TICKS and FLEAS, apply thoroughly as a spot treatment to infested areas such as pet beds and resting quarters and nearby cracks and crevices; along and behind baseboards, window and door frames and localized areas of floor and floor covering where these pests may be present. Fresh bedding should be placed in animal quarters following treatment. Do not spray pets with this product. Treat pets with a product registered for application to pets to control the source of flea infestation.

To control flying insects such as, but not limited to FLIES, GNATS, HORNETS, MOSQUITOES, SMALL FLYING MOTHS, WASPS and YELLOW JACKETS, use only on outdoor surfaces. Spray surfaces of window and door frames and other areas where these pests may enter the home. Also spray dark corners and localized resting areas, such as under eaves, porches, partitions and in garages where these insects may congregate. Flies and mosquitoes coming to rest on treated surfaces will be killed. Repeat treatment when effectiveness diminishes.

STORAGE AND DISPOSAL

STORAGE: Store in a cool, dry area in accessible to children and pets and away from heat or open flame.

DISPOSAL: Replace cap, wrap container in several layers of newspaper and discard in trash. Do not incinerate or puncture.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION

Harmful if swallowed. Causes moderate eye irritation. Avoid contact with eyes, skin or clothing. Avoid breathing spraymist. May be harmful if absorbed through skin. Wash thoroughly with soap and water after handling.

Do not allow children or pets to contact treated surfaces until spray has dried. Do not spray air in rooms or use on plants. Apply as a surface spray only. Do not allow spray to contact food, feedstuffs or water supplies. Thoroughly wash dishes and food handling utensils contaminated with this product. Remove pets and cover fish bowls before spraying.

STATEMENT OF PRACTICAL TREATMENT

IF IN EYES: Flush eyes with plenty of water. Get medical attention if irritation persists.

IF ON SKIN: In case of contact, immediately remove contaminated clothing and wash affected areas thoroughly with soap and water. Wash clothing before reuse.

IF INHALED: Remove victim to fresh air. Apply artificial respiration if indicated.

IF SWALLOWED: Call a physician or Poison Control Center. Drink 1 or 2 glasses of water and induce vomiting by touching back of throat with finger. Do not induce vomiting or give anything by mouth to an unconscious person.

NOTE TO PHYSICIAN: Bendiocarb is a cholinesterase inhibitor. Atropine sulfate 2 mg. should be given by injection and repeated as necessary until fully atropinized.

PHYSICAL OR CHEMICAL HAZARDS

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130 F may cause bursting.

Buyer assumes all risks of use, storage or handling of this material not in strict accordance with directions given herewith.
