NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit and/or cite all data or other material required for registration/reregistration of your product under FIFRA sec. 3(c)(5) or FIFRA sec. 4 when the Agency requires all registrants of similar products to submit such data.

2. Make the labeling changes listed below before you release the product for shipment:

- Add the phrase, "EPA Registration No. 4816-737".
- The words, Active Ingredient and Inert Ingredient, must be printed in type of the same size and be given equal prominence.
- Change the word, Caution, on the back label panel to Precautions or NOTE.
- The statement, "Do not use water base sprays of Cyperkill EC..." should appear under the heading Physical and Chemical Hazards.

☐ ATTACHMENT IS APPLICABLE

SIGNATURE OF APPROVING OFFICIAL

DATE

602 10/21/92

- e. Revise the Hazards to Humans and Domestic Animals section as follows:

Causes eye irritation. Do not get in eyes, on skin, or on clothing. Harmful if swallowed or absorbed skin. Avoid breathing vapor or spray mist. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash before reuse.

- f. Delete "Do not apply as a space spray", since this is precaution was addressing indoor use.

- g. "For Outdoor Use" should appear under the first asterisk on front panel.

3. Submit five copies of your final printed labeling before you release the product for shipment. Refer to the A-79 Enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

Sincerely yours,

George T. LaRocca

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Do not remove packages from container except for immediate use.

**FAIRFIELD
 AMERICAN
 CORPORATION**

201 ROUTE 17 NORTH, RUTHERFORD, NJ 07070

CYPERWSB 063082

GENERAL INSTRUCTIONS

The outer package contains an insecticidal wettable powder packaged in clear water soluble bags. Do not allow the inner bags to become wet before adding to the spray tank. Do not handle the clear inner bags with wet hands or wet gloves. Do not carry the bags on your person in a manner that allows contact with perspiration. Rough handling may cause breakage. Do not store at temperatures below 32°F (0 °C). Allow to warm above 50°F (10°C) before use. Cooler water temperatures increase the time needed for the inner bag to dissolve completely.

Cyperkill WSB insecticide is to be diluted with water for spray application. Do not use strainers finer than 50 mesh size. Fill sprayer with 1/2 of the desired volume of water, add the water soluble bag(s). After bag(s) have dissolved, fill sprayer to desired volume and shake for 30 seconds before use in order to insure proper mixing and suspension of the wettable powder. Shake or re-agitate the sprayer before use if spraying is interrupted. Mix only the amount of solution needed for the application; repeat treatments as necessary.

PESTS	CONCENTRATION OF ACTIVE INGREDIENT	DILUTION RATE**
Ants	1%	1 water soluble bag per 1 gallon of water
Boxelder Bugs		
Centipedes		
Cockroaches		
(Maintenance)		
Crickets		
Earwigs		
Firebrats		
Flies		
Millipedes		
Pillbugs		
Silverfish		
Sowbugs		
Bees	0.2%	2 water soluble bags per 1 gallon of water
Cockroaches		
(Clean-out)		
Spiders		
Wasps		

**1 water soluble bag = 0.33 ounces of Cyperkill WSB

OUTDOOR USE

For control of *Ants, Bees, Boxelder Bugs, Centipedes, Cockroaches, Crickets, Earwigs, Firebrats, Flies, Millipedes, Pillbugs, Silverfish, Sowbugs, Spiders and Wasps*. Apply to surfaces of buildings, porches, screens, window frames, eaves, patios, refuse dumps, garages and in other areas where these pests are found.

BARRIER TREATMENT: To treat areas around and adjacent to the foundation to a height of 2 to 3 feet and may find entrance. Apply and uniformly wet the band per 400 square feet.

Do not use water base sprayer on motor housings, junction boxes or electrical equipment because of possible damage.

Do not apply this product to plants.

Keep people and pets off surfaces treated.

Do not apply as a space spray.

Do not use this product with food.

Do not treat pets with this product.

For best results, thoroughly wash water and detergent before use.

STORAGE

PESTICIDE STORAGE

Keep out of reach of children. Store in original containers only. Store in a cool, dry place. Do not store at temperatures above 100°F. Storing may cause breakage. Allow to warm above 50°F (10°C) before use. Do not allow inner bag to become wet during storage. Do not use wet hands or wet gloves. Do not mix with food or drink containers. Do not mix with pesticides, fertilizers, water, etc.

In case of spill, avoid contact with skin and unprotected persons. Clean up immediately.

To confine spill: If liquid, dilute with water, sand, cat litter or commercial absorbent. Prevent dispersal. Place in a sealed container. Identify contents.
