**ACCEPTED**

APR 30 1992

 Under the Federal Insecticide,  
Fungicide, and Rodenticide Act,  
as amended, for the pesticide  
registered under  
EPA Reg. No. 4816-738

For protection against **Mosquitoes** and **Ticks** select an outdoor area with a wind, spray outer surfaces of clothing (while not being worn) and move in a slow sweeping motion to lightly moisten the surface of the fabric. Continue for a minimum of 30 seconds on each side and allow 2 hours (4 conditions) to dry prior to being worn. Hold can at a distance of 6 to 12 inches from object being treated. Treatment should moisten the surface of the fabric to a slight color change. Use approximately 3/4 of this container to treat uniform. Use remainder on mosquito netting.

Treat the entire outside surface of clothing with special attention to sleeves and shirt cuffs. Pant cuffs should be worn inside the socks or foot protection against **Ticks** and **Chiggers**. This item must be used in conjunction with standard issue repellent approved for application to exposed skin for maximum protection from **Mosquitoes**. Follow standard field uniform procedures weekly. Reapply after six weeks and sixth laundering.

**STORAGE AND DISPOSAL**

Do not contaminate water, food or feed by storage or disposal.

Store in original container in a cool dry place inaccessible to children from heat or open flame.

Replace cap, wrap container in several layers of newspaper. Discard by incinerate or puncture. In field situations bury the container.

**PRECAUTIONARY STATEMENTS  
HAZARDS TO HUMANS AND DOMESTIC ANIMALS  
CAUTION**

Avoid contact with face, eyes, or skin. Avoid breathing vapors or dusts thoroughly after handling and before eating or smoking. Do not allow contact with surfaces until spray has dried. Do not allow spray to contact food. Thoroughly wash dishes and food handling utensils contaminated with this material.

**STATEMENT OF PRACTICAL TREATMENT**

**IF ON SKIN:** Wash affected areas of skin with soap and water.  
**IF IN EYES:** Flush eyes with plenty of water. Contact a physician if irritation persists.  
**IF INHALED:** Remove affected person to well-ventilated area, if not a physician, administer artificial respiration if indicated.

**PHYSICAL AND CHEMICAL HAZARDS**

Contents under pressure. Do not use or store near heat or open flame or incinerate container. Exposure to temperatures above 130°F may cause container to rupture.

Buyer assumes all risks of use, storage or handling of this material not with directions given herewith.
