US ENVIRONMENTAL PROTECTION AGENCY OFFICE OF PESTICIDES PROGRAMS REGISTRATION DIVISION (75-767) WASHINGTON, DC 20460	EPA REGISTRATION NO. 4816-749	DATE OF ISSUANCE JUL 3 1991
	TERM OF ISSUANCE Until Reregistration	
	NAME OF PESTICIDE PRODUCT Tetraperm Crawling Insect Killer II	

NOTICE OF PESTICIDE: ☐ REGISTRATION ☒ REREISTRATION
(Under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended)

NAME AND ADDRESS OF REGISTRANT (Include ZIP code)

Fairfield American Corporation
809 Harrison Street
Frenchtown, NJ 08825

160 / 387805

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit and/or cite all data or other material required for registration/reregistration of your product under FIFRA sec. 3(c)(5) or FIFRA sec. 4 when the Agency requires all registrants of similar products to submit such data.
2. Make the labeling changes listed below before you release the product for shipment:
 - a. Add the phrase, "EPA Registration No. 4816-749."
 - b. According to PR Notice 83-3 all aerosol products must bear the following statement under Storage and Disposal: "Do not incinerate or puncture."
 - c. In our registration notice dated September 12, 1990 for TetraPerm Dual Action Ant and Roach Killer (EPA Reg. No. 4816-729), we inadvertently misclassified the product as a "non-sensitizer." Since acute toxicology studies for EPA Reg. No. 4816-729 also support Tetraperm Crawling Insect Killer II, the following must appear under Precautionary Statements:

☐ ATTACHMENT IS APPLICABLE

SIGNATURE OF APPROVING OFFICIAL	DATE
--	-------------

Silvest 5-16-91

absorbed through the skin. Wash thoroughly with soap and water after handling."

- d. Your product has been assigned Toxicity Category III for Acute Dermal Toxicity (see comment four in our registration notice dated September 12, 1990 for EPA Reg. No. 4816-729). Therefore add the following under IF ON SKIN:

"Remove contaminated clothing and wash affected areas with soap and water. Get medical attention."

- e. The claims, "effective against . . . deer ticks" and "including adult and immature stages of both non-resistant and organophosphate and carbamate resistant strains" are unacceptable. Either delete the claims or submit data in support of them.

3. Your current Physical and Chemical Hazard Statement is acceptable. Please refer to the Agency's proposed new product chemistry guidelines and precautionary language for Pesticide Aerosol Flammability in the Federal Register (vol. 56, no. 34, Wednesday, February 20, 1991) for solicitation of comments.

5. Submit five copies of your final printed labeling before you release the product for shipment. Refer to the A-79 Enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

In the home, cover all food handling surfaces and cover or remove all food and cooking utensils, or wash thoroughly after treatment.

Do not use this product in or on electrical equipment due to the possibility of shock hazard.

Hold container upright with nozzle away from you. Press valve down and spray as directed. Spray surface until slightly wet (at a rate of 4 ounces product to treat approximately 25 square feet of surface area).

Cockroaches (including adult and immature stages of both non-resistant and organophosphate and carbamate resistant strains), **Ants**, **Booklice**, **Boxelder Bugs**, **Crickets**, **Dermestids**, **Firebrats**, **Fleas**, **Silverfish**, **Ticks** and **Sowbugs**: Apply as a spot or crack and crevice treatment. Apply thoroughly to all areas where these pests crawl and hide, especially in cracks and crevices, and hidden surfaces around sinks and storage areas, behind baseboards, around doors and windows, behind and under refrigerators, cabinets, sinks and stoves, the underside of shelves, drawers, bookcases, and in similar areas. Repeat as necessary.

Ants: Spray freely around ant trails, doors and windows, and other places where ants enter premises around nests hidden under stops, brickwork, concrete, etc. Break apart accessible nests and spray freely on and around debris. Repeat as necessary.

Carpenter Ants: For effective control, locate and treat nests and surrounding areas. Apply around doors and windows and other places where ants enter premises and where they crawl and hide. Spray into infested wood through existing openings or newly drilled small holes.

Brown Dog Ticks and Fleas in Buildings: Apply to infested areas such as pet beds and resting quarters, nearby cracks and crevices, under the edges of rugs and floor coverings, between and under cushions of upholstered furniture and other areas where these pests may be present. Old bedding of pets should be removed and replaced with clean fresh bedding after treatment of pet areas.

Spiders: Apply along and behind baseboards, to window and door frames, corners, pipes, storage localities, attics, crawl spaces and other areas over which these pests may crawl.

Centipedes, Earwigs, Ground Beetles, Millipedes, Mole Crickets, Pillbugs, Sowbugs, Scorpions and Ticks: Apply around doors and windows and other places where these pests may enter premises. Treat baseboards, storage areas and other locations where these pests are found.

Pantry Pests - Grain Beetles (Rusty, Merchant and Saw-toothed), Flour Beetles (Red and Confused), Chocolate Moths, Cigarette Beetle, Clover Mites, Cluster Flies, Drugstore Beetles, Elmleaf Beetles, Rice Weevils, Lesser Grain Borers, Spider Beetles and Tobacco Moths. Treat exposed stages. Remove all foodstuffs, utensils and shelf paper from area to be treated. Discard used shelf paper and any infested foodstuffs. Apply spray to shelves and in cracks and crevices behind and under cupboards and cabinets. Allow spray to dry prior to replacement of food and utensils.

CODE FE N

Carpet Beetles (Black, Furniture and edges of floor coverings, under rugs and localities where these insects are found).

Webbing Clothes Moths: Use this product as a residual treatment in closets and other storage areas. This is an adjunct treatment already on the clothes. Do not apply to already on the clothes. Do not apply to

Pests On Outside Surfaces Of Buildings due to **Ants**, **Clover Mites**, and **Sowbugs (Pillbugs)**.
