PRECAUTIONARY STATEMENTS**Hazards To Humans & Domestic Animals****CAUTION**

Harmful if inhaled. Avoid breathing vapor or spray mist. Remove clothing and wash before reuse.

Physical Or Chemical Hazards

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Do not place on stove or radiator. Exposure to temperatures above 130°F may cause bursting.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

STORAGE AND DISPOSAL

Storage: Store in a cool dry area inaccessible to children and pets and away from heat, sparks or open flame.

Disposal: Replace cap, wrap container in several layers of newspaper and discard in trash. Do not incinerate or puncture.

One 6 ounce aerosol can treats up to 6,000 cubic feet of unobstructed area (a room 30' x 25' with an 8 foot ceiling)

For *Fleas* and *Ticks*, use one 6 ounce can for every 6,000 cubic feet of room space.

Do not use in food/feed areas of food/feed handling establishments, restaurants or other areas where food/feed is commercially prepared or processed. Do not use in serving areas while food/feed is exposed or facility is in operation. Serving areas are areas where prepared foods are served such as dining rooms but excluding areas where foods may be prepared or held. In the home all food processing surfaces and utensils should be covered during treatment or thoroughly washed before use.

Nonfood/nonfeed areas are areas such as garbage rooms, lavatories, floor drains (to sewers), entries and vestibules, offices, locker rooms, machine rooms, boiler rooms, garages, mop closets and storage (after canning or boiling)

Not for use in USDA meat and poultry plants.

HOW TO USE:**Step 1: PREPARATION**

Open cupboards, cabinets, trunks, and doors to area to be treated to allow maximum kill in all areas where insects can hide and breed. Close outside doors and windows and shut off fans and air conditioning to maximize killing power of fog. Remove pets, birds, and tightly cover or remove fish bowls and aquariums before spraying. Cover waxed wood floors and waxed furniture in the immediate area surrounding the fogger (Newspapers may be used). Remove or cover exposed food, dishes, utensils or food handling equipment. All food processing surfaces should be covered during treatment or thoroughly cleaned before using. Shut off electrical appliances. Do not place activated fogger in a cabinet or under a counter or table. Do not use this fogger in an area less than 100 cubic feet.

Step 2: ACTIVATION OF FOGGER

SHAKE WELL JUST BEFORE USING. place a section of newspaper on floor in center of room to be treated. NOTE: Do NOT place fogger on water-stainable surface. Do not place can within 6 feet of pilot lights. Tilt can opening away from face and depress tab firmly with thumb until it clicks in locked position. Aiming spray away from face, set fogger on newspaper, leave room and close door. After activation, leave room or house at once. Keep area closed for 2 hours (30 minutes for flying insects) before airing out. Open all doors and windows and allow to air for 30 minutes. Repeat spraying in two weeks or when necessary.

IMPORTANT! To avoid **FLAMMABILITY HAZARD**, use can as follows:

- ‡ Only one can per room.
- ‡ Do not place in cabinet or under counter or table.
- ‡ Shut off electrical equipment.
- ‡ Place can at least 6 feet from pilot lights.

Notice: Buyer assumes all responsibility for safety and use not in accordance with directions.
